1. PURPOSE OF THE REPORT

The notification received was for the sale by retail of alcohol (for consumption on the premises) and regulated entertainment between 19:00 and 23:00 hours on 29 October 2021.

This Temporary Event Notice is attached at Appendix 1.

The notification was submitted at least 10 working days ahead of the event and therefore is a standard notice.

Notes for Guidance

General

In these notes, a person who gives a temporary event notice is called a "premises user".

The police and local authority exercising environmental health functions may intervene on the grounds of any of the four licensing objectives (the prevention of crime and disorder, public safety, the prevention of public nuisance, and the protection of children from harm) to prevent the occurrence of an event at which permitted temporary activities are to take place or to agree a modification of the arrangements for such an event. However, the licensing authority will intervene of its own volition in the cases described below.

First, it will issue a counter notice if there is an objection to a late temporary event notice (see note 8 below).

Secondly, it may issue a notice in relation to its decision to impose conditions on a temporary event notice (see note 2 below).

Thirdly, it will issue a counter notice if the first, second, third and fifth of the limits set out below would be exceeded. If any of the limits below are breached or if a counter notice has been issued, any licensable activities taking place would be unauthorised and the premises user would be liable to prosecution. The limitations apply to:

- the number of times a person may give a temporary event notice (50 times per year for a personal licence holder and 5 times per year for other people);
- the number of times a person may give a late temporary event notice (10 times per year for a personal licence holder and 2 times per year for other people);
- the number of times a temporary event notice may be given in respect of any particular premises (15 times in a calendar year);
- the length of time a temporary event may last for these purposes (168 hours or 7 days);
- the maximum aggregate duration of the periods covered by temporary event notices at any individual premises (21 days per calendar year); and
- the scale of the event in terms of the maximum number of people attending at any one time (a maximum of 499).

For the purposes of determining the overall limits of 50 temporary event notices per personal licence holder (in a calendar year) and of 5 for a non-personal licence holder (in a calendar year), temporary event notices given by an associate or a person who is in business with a premises user (and that business involves carrying on licensable activities) count towards those totals. The limits applying to late temporary event notices are included within the overall limits applying to the total number of temporary event notices. Note 16 below sets out the definition of an "associate".

When permitted temporary activities take place, a premises user must ensure that either:

- a copy of the temporary event notice is prominently displayed at the premises; or
- the temporary event notice is kept at the premises either in his own custody or in the custody of a person present and working at the premises and whom he has nominated for that purpose.

Where the temporary event notice is in the custody of a nominated person, a notice specifying that fact and the position held by that person must be displayed prominently at the premises.

Where the temporary event notice or a notice specifying the nominated person is not displayed, a constable or an authorised person (for example, a licensing officer, fire officer or environmental health officer) may require the premises user to produce the temporary event notice for examination. Similarly, where the nominated person has the temporary event notice in his custody, a constable or authorised person may require that person to produce it for examination. Failure to produce the temporary event notice without reasonable excuse would be an offence.

It should also be noted that the following, among other things, are offences under the Licensing Act 2003:

- the sale or supply of alcohol to children under 18 years of age (subject to an unlimited fine on conviction);
- allowing the sale of alcohol to children under 18 (subject to an unlimited fine on conviction);
- knowingly allowing the consumption of alcohol on the premises by a person aged under 18 (subject to an unlimited fine, on conviction);
- allowing disorderly behaviour on the premises (subject to a fine not exceeding level 3 on the standard scale, on conviction);
- the sale of alcohol to a person who is drunk (subject to a fine not exceeding level 3 on the standard scale, on conviction);
- obtaining alcohol for a person who is drunk (subject to a fine not exceeding level 3 on the standard scale, on conviction);
- knowingly allowing a person aged under 18 to make any sale or supply of alcohol unless the sale or supply has been specifically approved by the premises user or any individual aged 18 or over who has been authorised for this purpose by the premises user (subject to a fine not exceeding level 1 on the standard scale, on conviction); and
- knowingly keeping or allowing to be kept on the premises any smuggled goods which have been imported without payment of duty or which have otherwise been unlawfully imported (subject to a fine not exceeding level 3 on the standard scale, on conviction).

In addition, where the premises are to be used primarily or exclusively for the sale or supply of alcohol for consumption on the premises, it is an offence to allow children under 16 to be present when the premises are open for that purpose unless they are accompanied by an adult. In the case of any premises at which sales or supplies of alcohol are taking place at all, it is an offence for a child under 16 to be present there between the hours of midnight and 5am unless accompanied by an adult. In both instances, the penalty on conviction is a fine not exceeding level 3 on the standard scale, currently £1,000.

Note 1

A temporary event notice may only be given by an individual and not, for example, by an organisation or club or business. The individual giving the notice is the proposed "premises user". Within businesses, clubs or organisations, one individual will therefore need to be identified as the proposed premises user.

If you include an e-mail address in section 1(7) or 1(9), the licensing authority may send to this the acknowledgement of receipt of your notice or any notice or counter notice it is required to give under sections 104A, 106A or 107 of the Licensing Act 2003.

Note 2

For the purposes of the Licensing Act 2003, "premises" means any place. Premises will therefore not always be a building with a formal address and postcode. Premises can include, for example, public parks, recreation grounds and private land.

If a premises licence or club premises certificate has effect in relation to the premises (or any part of the premises) which you want to use to carry on licensable activities, it is possible that any conditions which apply to the licence or certificate may be imposed on the temporary event notice if certain pre-conditions are met. These pre-conditions are that the police or the local authority exercising environmental health functions object to the notice and the licensing authority decides:

- not to give a counter notice under section 105 of the Licensing Act 2003;
- the conditions apply to the licence or certificate; and
- the imposition of the conditions on the notice would not be inconsistent with the carrying on of the licensable activities under the notice.

Note 3

A temporary event notice can be given for part of a building, such as a single room or a plot within a larger area of land. You should provide a clear description of the area in which you propose to carry on licensable activities. This is important as any licensable activities conducted outside the area of the premises protected by the authority of this temporary event notice would be unlawful and could lead to prosecution.

In addition, when holding the proposed event, the premises user would need to be able to restrict the number of people on the premises at any one time when licensable activities are taking place to less than 500. If more than 499 are on the premises when licensable activities are being carried on, the licensable activities would be unlawful and the premises user would be liable to prosecution. The maximum figure of 499 includes, for example, staff, organisers, stewards and performers.

Note 4

A description of the nature of the premises assists the chief officer of police and local authority exercising environmental health functions in deciding if any issues relating to the licensing objectives are likely to arise. You should state clearly that the premises to be used are, for example, a public house, a restaurant, an open field, a village hall or a beer tent.

Note 5

A description of the nature of the event similarly assists the chief officer of police and local authority exercising environmental health functions in making a decision as to whether or not to make an objection. You should state clearly that the event taking place at the premises would be, for example, a wedding with a pay bar, the supply of beer at a particular farmers' market, a discotheque, the performance of a string quartet, a folk group or a rock band.

Note 6

The licensable activities are:

- the sale by retail of alcohol;
- the supply of alcohol by or on behalf of a club to, or to the order of, a member of a club;
- the provision of regulated entertainment; and
- the provision of late night refreshment.

Note 7

Regulated entertainment, subject to specified conditions and exemptions, includes:

- (a) a performance of a play;

- (b) an exhibition of a film;
- (c) an indoor sporting event;
- (d) a boxing or wrestling entertainment;
- (e) a performance of live music;
- (f) any playing of recorded music;
- (g) a performance of dance; and
- (h) entertainment of a similar description to that falling within (e), (f) or (g).

In terms of specific regulated entertainments please note that:

- **Plays:** no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500.
- **Dance:** no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500. However, a performance which amounts to adult entertainment remains licensable.
- **Films:** no licence is required for 'not-for-profit' film exhibition held in community premises between 08.00 and 23.00 on any day provided that the audience does not exceed 500 and the organiser (a) gets consent to the screening from a person who is responsible for the premises; and (b) ensures that each such screening abides by age classification ratings.
- **Indoor sporting events:** no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000.
- **Boxing or Wrestling Entertainment:** no licence is required for a contest, exhibition or display of Greco-Roman wrestling, or freestyle wrestling between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000. Combined fighting sports – defined as a contest, exhibition or display which combines boxing or wrestling with one or more martial arts – are licensable as a boxing or wrestling entertainment rather than an indoor sporting event.
- **Live music:** no licence permission is required for:
 - a performance of unamplified live music between 08.00 and 23.00 on any day, on any premises.
 - a performance of amplified live music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.
 - a performance of amplified live music between 08.00 and 23.00 on any day, in a workplace that is not licensed to sell alcohol on those premises, provided that the audience does not exceed 500.
 - a performance of amplified live music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
 - a performance of amplified live music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school or (iii) the health care provider for the hospital.
- **Recorded Music:** no licence permission is required for:
 - any playing of recorded music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500.
 - any playing of recorded music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser

- gets consent for the performance from a person who is responsible for the premises.
 - any playing of recorded music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school proprietor or (iii) the health care provider for the hospital.
- Cross activity exemptions: no licence is required between 08.00 and 23.00 on any day, with no limit on audience size for:
 - any entertainment taking place on the premises of the local authority where the entertainment is provided by or on behalf of the local authority;
 - any entertainment taking place on the hospital premises of the health care provider where the entertainment is provided by or on behalf of the health care provider;
 - any entertainment taking place on the premises of the school where the entertainment is provided by or on behalf of the school proprietor; and
 - any entertainment (excluding films and a boxing or wrestling entertainment) taking place at a travelling circus, provided that (a) it takes place within a moveable structure that accommodates the audience, and (b) that the travelling circus has not been located on the same site for more than 28 consecutive days.

If you are uncertain whether or not the activities that you propose are licensable, you should contact your licensing authority for further advice.

Note 8

Late notices can be given no later than 5 working days but no earlier than 9 working days before the event in relation to which the notice is given. A late notice given later than 5 working days before the event to which it relates will be returned as void and the activities described in it will not be authorised.

The number of late notices that can be given in any one calendar year is limited to 10 for personal licence holders and 2 for non-personal licence holders. These count towards the total number of temporary event notices (i.e. 50 temporary event notices per year for personal licence holders and 5 temporary event notices for non-personal licence holders).

If there is an objection from either the police or local authority exercising environmental health functions, the event will not go ahead and a counter notice will be issued.

Note 9

The maximum period for using premises for licensable activities under the authority of a temporary event notice is 168 hours or seven days.

Note 10

You should state here the times during the event period, for example 48 hours, when you intend to carry on licensable activities. For example, you may not intend to carry on licensable activities throughout the entire 48 hour event period, and may intend to sell alcohol between 8.00 hrs and 23.00 hrs on each of the two days.

Note 11

No more than 499 may be on the premises for a temporary event at any one time when licensable activities are being carried on. If you intend to have more than 499 attending the event, you should obtain a premises licence for the event. Your licensing authority should be able to advise you. The maximum figure of 499 includes not only the audience, spectators or consumers but also, for example, staff, organisers, stewards and performers who will be present on the premises.

Note 12

If you indicate that alcohol will be supplied only for consumption on the premises, you would be required to ensure that no person leaves the premises with alcohol supplied there. If such a supply takes place, the premises user may be liable to prosecution for carrying on an unauthorised licensable activity. Similarly, if the premises user gives notice that only supplies of alcohol for consumption off the premises will take place, he/she must ensure that alcohol supplied is not consumed on the premises. The premises user is free to give notice that he/she intends to carry on both types of supplies. For this purpose, the supply of alcohol includes both of the first two licensable activities listed in note 6 above.

Note 13

Relevant entertainment is defined in the Local Government (Miscellaneous Provisions) Act 1982 ("the 1982 Act") as *any live performance or any live display of nudity which is of such a nature that, ignoring financial gain, it must reasonably be assumed to be provided solely or principally for the purpose of sexually stimulating any member of the audience (whether by verbal or other means)*. Relevant entertainment therefore includes, but is not limited to, lap dancing and pole dancing.

The 1982 Act requires premises which provide relevant entertainment to be licensed under that Act for this purpose. Premises at which there have not been more than eleven occasions on which such entertainment has been provided within a period of 12 months, no such occasion has lasted for more than 24 hours and there has been a period of at least one month between each such occasion are exempt from the requirement to obtain a licence under the 1982 Act. Such premises are likely instead to require an authorisation under the Licensing Act 2003 to be used for such activities as these are a licensable activity (the provision of regulated entertainment — see note 6 above). A temporary event notice may be given for this purpose.

Note 14

The holder of a valid personal licence issued under the Licensing Act 2003 may give up to 50 temporary event notices in any calendar year subject to the other limitations in the 2003 Act. A proposed premises user who holds such a licence should give the details requested.

Note 15

As stated under Note 14, a personal licence holder (issued under the Licensing Act 2003) may give up to 50 temporary event notices (including 10 late notices) in any calendar year. An individual who does not hold a personal licence may only give 5 temporary event notices (including 2 late notices) in England and Wales in any calendar year. A calendar year is the period between 1st January to 31st December inclusive in any year.

If an event straddles two calendar years, it will count against the limits on temporary event notices (15 for each premises, 21 days for each premises, 50 per personal licence holder and 5 for non-holders) for each year. However, only one notice needs to be given.

For the purposes of determining the overall limits of 50 temporary event notices per personal licence holder (in a calendar year) and of 5 for a non-personal licence holder (in a calendar year), temporary event notices given by an associate or a person who is in business with a premises user (and that business involves carrying on licensable activities) count towards those totals. Note 16 below sets out the definition of an "associate".

If a temporary event notice has been given for the same premises, by the same premises user, and would have effect within 24 hours before the start of the event period under the current proposal or within 24 hours after the end of that period, the temporary event notice given would be void and any licensable activities carried on under it would therefore be unlicensed.

For the purposes of determining whether or not the required gap of 24 hours is upheld, temporary event notices given by an associate or a person who is in business with a premises user (and that

business involves carrying on licensable activities) count as if they had been given by the premises user. Note 16 below sets out the definition of an "associate".

Note 16

An "associate" of the proposed premises user is:

- a. the spouse or civil partner of that person;
- b. a child, parent, grandchild, grandparent, brother or sister of that person;
- c. an agent or employee of that person; or
- d. the spouse or civil partner of a person within (b) or (c).

For these purposes, a person living with another as that person's husband or wife is to be treated as that person's spouse.

Note 17

It is a requirement that you send at least one copy of this notice to the licensing authority at least ten working days (or five working days for a late notice) before the commencement of the proposed licensable activities. The authority will give you written acknowledgement of the receipt of the notice. This will be important proof that you gave the notice and when you gave it for the purposes of the Act. Some premises may be situated in two licensing authority areas, for example, where a building or field straddles the local authority boundary. Where this is the case, at least one copy of the notice must be sent to each of the licensing authorities identified, together with the appropriate fee in each case. In such circumstances, you will receive acknowledgements from all the relevant licensing authorities.

One copy must be sent to each of the chief officer of police and the local authority exercising environmental health functions for the area in which the premises is situated at least ten working days for a standard notice (or five working days for a late notice) before the commencement of the proposed licensable activities. Where the premises are situated in two police areas or environmental health areas, a further copy will need to be sent to the further police force and local authority exercising environmental health functions.

Note 18

Under the Licensing Act 2003, all temporary event notices are given subject to a mandatory condition requiring that where the licensable activities involve the supply of alcohol, all such supplies must be made by or under the authority of the named premises user. If there is a breach of this condition, the premises user and the individual making the supply in question would be liable to prosecution. For this purpose, the supply of alcohol includes both of the first two licensable activities listed in note 6 above.

Note 19

It is an offence knowingly or recklessly to make a false statement in, or in connection with, a temporary event notice. (A person is to be treated as making a false statement if he produces, furnishes, signs or otherwise makes use of a document that contains a false statement.) To do so could result in prosecution and an unlimited fine.

Note 20

You should not complete section 10 of the notice, which is for use by the licensing authority. It may complete this section as one means of giving you written acknowledgement of its receipt of the notice.

Summary of content of an email sent on 19 October 2021 from Environmental Health to Brian Nicholson

As you are aware, Environmental Health have objected to your TEN application for the proposed wrestling evening between 19:00 – 23:00 on 29th October 2021 on the grounds that licensing objective, Prevention of Public Nuisance will be undermined.

The basis of my objection was made from my own observations (between 22:30 – 00:12) of the Thomas Wilson Club during the Bonkers Bingo Event on Friday 15 October 2021, as part of my investigations into a complaint the Council have received. I had advised you on the phone that I was going to do this. I had previously discussed the details of the complaint with you at our meeting on 10 September 2021 (redacted).

My observations on Friday 15/10/21, I found:

In terms of noise from the concert room;

- that I could hear each and every song that was played in the concert room, all of the words clearly, heavy bass beats and the compare shouting, singing and swearing down the microphone. I was sat in my car at a distance of approximately 15-20 metres away from the nearest fire door. Standing outside of my car, it sounded like there was a party going on in the street. I saw one of your members/ patrons outside the club at 23:25 singing along to the song that was playing at that time, which was 'I wanna be a hippy'.

In terms of people leaving the club;

- I observed some people sat on the wall waiting for taxis, some people were smoking on the premises, some people lingered in groups chatting after midnight – at no point did I see the SIA registered doorman outside observing/ moving people off the premises.
- 3 taxi's had pulled up outside the front of the Club to pick people up, one of them sat with his engine on for 10 minutes around midnight before leaving.

The effects of these activities from the Club on people living in and around the area of the Thomas Wilson Club are having a reduction in their living amenity and causing a detrimental impact, in terms of their comfort and enjoyment of their home. For example being woken from sleep, unable to go to sleep and unable to have windows open on evenings with entertainment due to music noise and noise from patrons leaving.

As the prevention of public nuisance licensing objective was not promoted for the Bonkers Bingo event, the wrestling evening should not go ahead as it would undermine the licensing objective, given the issues of noise leakage from the concert room and lack of management from patrons leaving the club.

Home Office

Revised Guidance issued under section 182 of the Licensing Act 2003

April 2018

1. Introduction

The Licensing Act 2003

- 1.1 The Licensing Act 2003 (referred to in this Guidance as the 2003 Act), its explanatory notes and any statutory instruments made under it may be viewed online at www.legislation.gov.uk. The statutory instruments include regulations setting out the content and format of application forms and notices. The Home Office has responsibility for the 2003 Act. However, the Department for Culture, Media and Sport (DCMS) is responsible for regulated entertainment, for which there is provision in Schedule 1 to the 2003 Act (see Chapter 16).

Licensing objectives and aims

- 1.2 The legislation provides a clear focus on the promotion of four statutory objectives which must be addressed when licensing functions are undertaken.
- 1.3 The licensing objectives are:
- The prevention of crime and disorder;
 - Public safety;
 - The prevention of public nuisance; and
 - The protection of children from harm.
- 1.4 Each objective is of equal importance. There are no other statutory licensing objectives, so that the promotion of the four objectives is a paramount consideration at all times.
- 1.5 However, the legislation also supports a number of other key aims and purposes. These are vitally important and should be principal aims for everyone involved in licensing work. They include:
- protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises;
 - giving the police and licensing authorities the powers they need to effectively manage and police the night-time economy and take action against those premises that are causing problems;
 - recognising the important role which pubs and other licensed premises play in our local communities by minimising the regulatory burden on business, encouraging innovation and supporting responsible premises;
 - providing a regulatory framework for alcohol which reflects the needs of local communities and empowers local authorities to make and enforce decisions about the most appropriate licensing strategies for their local area; and
 - encouraging greater community involvement in licensing decisions and giving local residents the opportunity to have their say regarding licensing decisions that may affect them.

The guidance

- 1.6 Section 182 of the 2003 Act provides that the Secretary of State must issue and, from time to time, may revise guidance to licensing authorities on the discharge of their functions under the 2003 Act. This revised guidance takes effect as soon as it is published. Where a licence application was made prior to the publication of the revised guidance, it should be processed in accordance with the guidance in effect at the time at which the application was made; the revised guidance does not apply retrospectively. However, all applications received by the licensing authority on or after the date the revised guidance was published should be processed in accordance with the revised guidance.

Purpose

- 1.7 This Guidance is provided to licensing authorities in relation to the carrying out of their functions under the 2003 Act. It also provides information to magistrates' courts hearing appeals against licensing decisions and has been made widely available for the benefit of those who run licensed premises, their legal advisers and the general public. It is a key medium for promoting best practice, ensuring consistent application of licensing powers across England and Wales and for promoting fairness, equal treatment and proportionality.
- 1.8 The police remain key enforcers of licensing law. This Guidance does not bind police officers who, within the parameters of their force orders and the law, remain operationally independent. However, this Guidance is provided to support and assist police officers in interpreting and implementing the 2003 Act in the promotion of the four licensing objectives.

Legal status

- 1.9 Section 4 of the 2003 Act provides that, in carrying out its functions, a licensing authority must 'have regard to' guidance issued by the Secretary of State under section 182. This Guidance is therefore binding on all licensing authorities to that extent. However, this Guidance cannot anticipate every possible scenario or set of circumstances that may arise and, as long as licensing authorities have properly understood this Guidance, they may depart from it if they have good reason to do so and can provide full reasons. Departure from this Guidance could give rise to an appeal or judicial review, and the reasons given will then be a key consideration for the courts when considering the lawfulness and merits of any decision taken.
- 1.10 Nothing in this Guidance should be taken as indicating that any requirement of licensing law or any other law may be overridden (including the obligations placed on any public authorities under human rights legislation). This Guidance does not in any way replace the statutory provisions of the 2003 Act or add to its scope and licensing authorities should note that interpretation of the 2003 Act is a matter for the courts. Licensing authorities and others using this Guidance must take their own professional and legal advice about its implementation.

Licensing policies

- 1.11 Section 5 of the 2003 Act requires a licensing authority to determine and publish a statement of its licensing policy at least once every five years. The policy must be published before it carries out any licensing functions under the 2003 Act.
- 1.12 However, determining and publishing a statement of its policy is a licensing function and as such the authority must have regard to this Guidance when taking this step. A licensing authority may depart from its own policy if the individual circumstances of any case merit such a decision in the interests of the promotion of the licensing objectives. But once again, it is important that it should be able to give full reasons for departing from its published statement of licensing policy. Where revisions to this Guidance are issued by the Secretary of State, there may be a period of time when the licensing policy statement is inconsistent with the Guidance (for example, during any consultation by the licensing authority). In these circumstances, the licensing authority should have regard, and give appropriate weight, to this Guidance and its own existing licensing policy statement.

Licensable activities

- 1.13 For the purposes of the 2003 Act, the following are licensable activities:
- The sale by retail of alcohol;
 - The supply of alcohol by or on behalf of a club to, or to the order of, a member of the club;
 - The provision of regulated entertainment; and
 - The provision of late night refreshment.

Further explanation of these terms is provided in Chapter 3.

Authorisations or permissions

- 1.14 The 2003 Act provides for four different types of authorisation or permission, as follows:
- Premises licence – to use premises for licensable activities.
 - Club premises certificate – to allow a qualifying club to engage in qualifying club activities as set out in Section 1 of the Act.
 - Temporary event notice – to carry out licensable activities at a temporary event.
 - Personal licence – to sell or authorise the sale of alcohol from premises in respect of which there is a premises licence.

General principles

- 1.15 If an application for a premises licence or club premises certificate has been made lawfully and there have been no representations from responsible authorities or other persons, the licensing authority must grant the application, subject only to conditions that are consistent with the operating schedule and relevant mandatory conditions. It is recommended that licence applicants contact responsible authorities when preparing their operating schedules.

Licence conditions – general principles

1.16 Conditions on a premises licence or club premises certificate are important in setting the parameters within which premises can lawfully operate. The use of wording such as “must”, “shall” and “will” is encouraged. Licence conditions:

- must be appropriate for the promotion of the licensing objectives;
- must be precise and enforceable;
- must be unambiguous and clear in what they intend to achieve;
- should not duplicate other statutory requirements or other duties or responsibilities placed on the employer by other legislation;
- must be tailored to the individual type, location and characteristics of the premises and events concerned;
- should not be standardised and may be unlawful when it cannot be demonstrated that they are appropriate for the promotion of the licensing objectives in an individual case;
- should not replicate offences set out in the 2003 Act or other legislation;
- should be proportionate, justifiable and be capable of being met;
- cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder and their staff, but may impact on the behaviour of customers in the immediate vicinity of the premises or as they enter or leave; and
- should be written in a prescriptive format.

Each application on its own merits

1.17 Each application must be considered on its own merits and in accordance with the licensing authority's statement of licensing policy; for example, if the application falls within the scope of a cumulative impact policy. Conditions attached to licences and certificates must be tailored to the individual type, location and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.

Additional guidance

1.18 From time to time, the Home Office may issue additional supporting guidance to licensing authorities and other persons on the Gov.uk website. This supporting guidance is good practice guidance and should be viewed as indicative and subject to change. Such supporting guidance will broadly reflect but will not be part of the statutory guidance issued by the Secretary of State under section 182 of the 2003 Act. Licensing authorities may wish to refer to, but are under no statutory duty to have regard to such supporting guidance issued by the Home Office.

Other relevant legislation

1.19 While licence conditions should not duplicate other statutory provisions, licensing authorities and licensees should be mindful of requirements and responsibilities placed on them by other legislation. Legislation which may be relevant includes:

- The Gambling Act 2005
- The Environmental Protection Act 1990
- The Noise Act 1996
- The Clean Neighbourhoods and Environmental Act 2005
- The Regulatory Reform (Fire Safety) Order 2005
- The Health and Safety at Work etc. Act 1974
- The Equality Act 2010
- The Immigration Act 2016
- Regulators' Code under the Legislative and Regulatory Reform Act 2006

2. The licensing objectives

Crime and disorder

- 2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).
- 2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority ("SIA") as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.
- 2.3 Conditions should be targeted on deterrence and preventing crime and disorder including the prevention of illegal working in licensed premises (see paragraph 10.10). For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.
- 2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises. These systems allow managers of licensed premises to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.
- 2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

- 2.6 The prevention of crime includes the prevention of immigration crime including the prevention of illegal working in licensed premises. Licensing authorities should work with Home Office Immigration Enforcement, as well as the police, in respect of these matters. Licence conditions that are considered appropriate for the prevention of illegal working in licensed premises might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check are retained at the licensed premises.

Public safety

- 2.7 Licence holders have a responsibility to ensure the safety of those using their premises, as a part of their duties under the 2003 Act. This concerns the safety of people using the relevant premises rather than public health which is addressed in other legislation. Physical safety includes the prevention of accidents and injuries and other immediate harms that can result from alcohol consumption such as unconsciousness or alcohol poisoning. Conditions relating to public safety may also promote the crime and disorder objective as noted above. There will of course be occasions when a public safety condition could incidentally benefit a person's health more generally, but it should not be the purpose of the condition as this would be outside the licensing authority's powers (be ultra vires) under the 2003 Act. Conditions should not be imposed on a premises licence or club premises certificate which relate to cleanliness or hygiene.
- 2.8 A number of matters should be considered in relation to public safety. These may include:
- Fire safety;
 - Ensuring appropriate access for emergency services such as ambulances;
 - Good communication with local authorities and emergency services, for example communications networks with the police and signing up for local incident alerts (see paragraph 2.4 above);
 - Ensuring the presence of trained first aiders on the premises and appropriate first aid kits;
 - Ensuring the safety of people when leaving the premises (for example, through the provision of information on late-night transportation);
 - Ensuring appropriate and frequent waste disposal, particularly of glass bottles;
 - Ensuring appropriate limits on the maximum capacity of the premises (see paragraphs 2.12-2.13, and Chapter 10; and
 - Considering the use of CCTV in and around the premises (as noted in paragraph 2.3 above, this may also assist with promoting the crime and disorder objective).
- 2.9 The measures that are appropriate to promote public safety will vary between premises and the matters listed above may not apply in all cases. As set out in Chapter 8 (8.38-8.46), applicants should consider when making their application which steps it is appropriate to take to promote the public safety objective and demonstrate how they achieve that.

Ensuring safe departure of those using the premises

- 2.10 Licence holders should make provision to ensure that premises users safely leave their premises. Measures that may assist include:
- Providing information on the premises of local taxi companies who can provide safe transportation home; and
 - Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks.

Maintenance and repair

- 2.11 Where there is a requirement in other legislation for premises open to the public or for employers to possess certificates attesting to the safety or satisfactory nature of certain equipment or fixtures on the premises, it would be inappropriate for a licensing condition to require possession of such a certificate. However, it would be permissible to require as a condition of a licence or certificate, if appropriate, checks on this equipment to be conducted at specified intervals and for evidence of these checks to be retained by the premises licence holder or club provided this does not duplicate or gold-plate a requirement in other legislation. Similarly, it would be permissible for licensing authorities, if they receive relevant representations from responsible authorities or any other persons, to attach conditions which require equipment of particular standards to be maintained on the premises. Responsible authorities – such as health and safety authorities – should therefore make their expectations clear in this respect to enable prospective licence holders or clubs to prepare effective operating schedules and club operating schedules.

Safe capacities

- 2.12 “Safe capacities” should only be imposed where appropriate for the promotion of public safety or the prevention of disorder on the relevant premises. For example, if a capacity has been imposed through other legislation, it would be inappropriate to reproduce it in a premises licence. Indeed, it would also be wrong to lay down conditions which conflict with other legal requirements. However, if no safe capacity has been imposed through other legislation, a responsible authority may consider it appropriate for a new capacity to be attached to the premises which would apply at any material time when the licensable activities are taking place and make representations to that effect. For example, in certain circumstances, capacity limits may be appropriate in preventing disorder, as overcrowded venues can increase the risks of crowds becoming frustrated and hostile.
- 2.13 The permitted capacity is a limit on the number of persons who may be on the premises at any time, following a recommendation by the relevant fire and rescue authority under the Regulatory Reform (Fire Safety) Order 2005. For any application for a premises licence or club premises certificate for premises without an existing permitted capacity where the applicant wishes to take advantage of the special provisions set out in section 177 of the 2003 Act¹, the applicant should conduct their own risk assessment as to the appropriate capacity of the premises. They should send their recommendation to the fire and rescue authority which will consider it and decide what the “permitted capacity” of

¹ S 177 of the 2003 Act now only applies to performances of dance.

those premises should be.

- 2.14 Public safety may include the safety of performers appearing at any premises, but does not extend to the prevention of injury from participation in a boxing or wrestling entertainment.

Public nuisance

- 2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.
- 2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.
- 2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the

early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.

- 2.20 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

Protection of children from harm

- 2.22 The protection of children from harm includes the protection of children from moral, psychological and physical harm. This includes not only protecting children from the harms associated directly with alcohol consumption but also wider harms such as exposure to strong language and sexual expletives (for example, in the context of exposure to certain films or adult entertainment). Licensing authorities must also consider the need to protect children from sexual exploitation when undertaking licensing functions.
- 2.23 The Government believes that it is completely unacceptable to sell alcohol to children. Conditions relating to the access of children where alcohol is sold and which are appropriate to protect them from harm should be carefully considered. Moreover, conditions restricting the access of children to premises should be strongly considered in circumstances where:
- adult entertainment is provided;
 - a member or members of the current management have been convicted for serving alcohol to minors or with a reputation for allowing underage drinking (other than in the context of the exemption in the 2003 Act relating to 16 and 17 year olds consuming beer, wine and cider when accompanied by an adult during a table meal);
 - it is known that unaccompanied children have been allowed access;
 - there is a known association with drug taking or dealing; or
 - in some cases, the premises are used exclusively or primarily for the sale of alcohol for consumption on the premises.
- 2.24 It is also possible that activities, such as adult entertainment, may take place at certain times on premises but not at other times. For example, premises may operate as a café bar during the day providing meals for families but also provide entertainment with a sexual content after 8.00pm. It is not possible to give an exhaustive list of what amounts to entertainment or services of an adult or sexual nature. Applicants, responsible

authorities and licensing authorities will need to consider this point carefully. This would broadly include topless bar staff, striptease, lap-, table- or pole-dancing, performances involving feigned violence or horrific incidents, feigned or actual sexual acts or fetishism, or entertainment involving strong and offensive language.

- 2.25 Applicants must be clear in their operating schedules about the activities and times at which the events would take place to help determine when it is not appropriate for children to enter the premises. Consideration should also be given to the proximity of premises to schools and youth clubs so that applicants take appropriate steps to ensure that advertising relating to their premises, or relating to events at their premises, is not displayed at a time when children are likely to be near the premises.
- 2.26 Licensing authorities and responsible authorities should expect applicants, when preparing an operating schedule or club operating schedule, to set out the steps to be taken to protect children from harm when on the premises.
- 2.27 Conditions, where they are appropriate, should reflect the licensable activities taking place on the premises. In addition to the mandatory condition regarding age verification, other conditions relating to the protection of children from harm can include:
- restrictions on the hours when children may be present;
 - restrictions or exclusions on the presence of children under certain ages when particular specified activities are taking place;
 - restrictions on the parts of the premises to which children may have access;
 - age restrictions (below 18);
 - restrictions or exclusions when certain activities are taking place;
 - requirements for an accompanying adult (including for example, a combination of requirements which provide that children under a particular age must be accompanied by an adult); and
 - full exclusion of people under 18 from the premises when any licensable activities are taking place.
- 2.28 Please see also Chapter 10 for details about the Licensing Act 2003 (Mandatory Licensing Conditions) Order 2010.
- 2.29 Licensing authorities should give considerable weight to representations about child protection matters. In addition to the responsible authority whose functions relate directly to child protection, the Director of Public Health may also have access to relevant evidence to inform such representations. These representations may include, amongst other things, the use of health data about the harms that alcohol can cause to underage drinkers. Where a responsible authority, or other person, presents evidence to the licensing authority linking specific premises with harms to children (such as ambulance data or emergency department attendances by persons under 18 years old with alcohol-related illnesses or injuries) this evidence should be considered, and the licensing authority should also consider what action is appropriate to ensure this licensing objective is effectively enforced. In relation to applications for the grant of a licence in areas where evidence is presented on high levels of alcohol-related harms in persons aged under 18, it is recommended that the licensing authority considers what conditions may be appropriate to ensure that this objective is promoted effectively.
- 2.30 The 2003 Act provides that, where a premises licence or club premises certificate

authorises the exhibition of a film, it must include a condition requiring the admission of children to films to be restricted in accordance with recommendations given either by a body designated under section 4 of the Video Recordings Act 1984 specified in the licence (the British Board of Film Classification is currently the only body which has been so designated) or by the licensing authority itself. Further details are given in Chapter 10.

- 2.31 Theatres may present a range of diverse activities and entertainment including, for example, variety shows incorporating adult entertainment. It is appropriate in these cases for a licensing authority to consider restricting the admission of children in such circumstances. Entertainments may also be presented at theatres specifically for children. It will be appropriate to consider whether a condition should be attached to a premises licence or club premises certificate which requires the presence of a sufficient number of adult staff on the premises to ensure the wellbeing of the children during any emergency.

Offences relating to the sale and supply of alcohol to children

- 2.32 Licensing authorities are expected to maintain close contact with the police, young offenders' teams and trading standards officers (who can carry out test purchases under section 154 of the 2003 Act) about the extent of unlawful sales and consumption of alcohol by minors and to be involved in the development of any strategies to control or prevent these unlawful activities and to pursue prosecutions. Licensing authorities, alongside the police, are prosecuting authorities for the purposes of these offences, except for the offences under section 147A (persistently selling alcohol to children). Where, as a matter of policy, warnings are given to retailers prior to any decision to prosecute in respect of an offence, it is important that each of the enforcement arms should be aware of the warnings each of them has given.

7. Temporary Event Notices (TENs)

- 7.1 This Chapter covers the arrangements in Part 5 of the 2003 Act for the temporary carrying on of licensable activities which are not authorised by a premises licence or club premises certificate.

General

- 7.2 The system of permitted temporary activities is intended as a light touch process, and as such, the carrying on of licensable activities does not have to be authorised by the licensing authority on an application. Instead, a person wishing to hold an event at which such activities are proposed to be carried on (the “premises user”) gives notice to the licensing authority of the event (a “temporary event notice” or “TEN”).
- 7.3 The TEN must be given to the licensing authority in the form prescribed in regulations made under the 2003 Act. The form requires the user to describe key aspects of the proposed event, including the general nature of the premises and the event, the licensable activities intended to be carried on at the proposed event, including whether they will include any relevant entertainment as defined in Schedule 3 to the Local Government (Miscellaneous Provisions) Act 1982 (i.e. displays of nudity designed to sexually stimulate any member of the audience including, but not limited to, lap dancing and pole dancing). Under the 2003 Act ‘premises’ can mean any place. Events authorised under a TEN will therefore not always be in a building with a formal address and can take place, for example, in public parks and plots within larger areas of land. In all cases, the premises user should provide a clear description of the area in which they propose to carry on licensable activities, including whether the premises are, for example, an open field or a beer tent. Local authorities and “relevant persons” (see below) may wish to make enquiries where appropriate to satisfy themselves of the exact location for where a TEN is being given.
- 7.4 Unless it is sent electronically, it must be sent to the relevant licensing authority, to the police and “local authority exercising environmental health functions” (“EHA”) at least ten working days before the event. A premises user may also give a limited number of “late TENs” to the licensing authority less than 10 working days before the event to which they relate, although certain restrictions apply (see paragraphs 7.12-7.14). “Working day” under the 2003 Act means any day other than a Saturday, Sunday, Christmas Day, Good Friday or Bank Holiday. For limited purposes in relation to a TEN, the 2003 Act defines a “day” as a period of 24 hours beginning at midnight.
- 7.5 If a TEN is sent electronically via GOV.UK or the licensing authority’s own facility, the licensing authority must notify the police and EHA as soon as possible and no later than the first working day after the TEN is given.
- 7.6 The police or EHA (“relevant persons” for the purposes of TENs) may intervene to prevent such an event taking place by sending an objection to the licensing authority, which the licensing authority must consider on the basis of the statutory licensing objectives and decide whether the event should go ahead. A relevant person may also intervene by agreeing a modification of the proposed arrangements directly with the TENs user (see paragraph 7.36). If a relevant person sends an objection, this may

result in the licensing authority imposing conditions on a TEN but only where the venue at which the event is to be held has an existing premises licence or club premises certificate. When giving a TEN, the premises user should consider the promotion of the four licensing objectives. The licensing authority may only otherwise intervene if the statutory permitted limits on TENs would be exceeded (see paragraphs 7.15-7.22).

- 7.7 A TEN does not relieve the premises user from any requirements under planning law for appropriate planning permission where it is required.

Standard and late temporary event notices

- 7.8 There are two types of TEN: a standard TEN and a late TEN. These are subject to different processes: a standard notice is given no later than ten working days before the event to which it relates; and a late notice is given not before nine and not later than five working days before the event.

Standard temporary event notices

- 7.9 "Ten working days" (and other periods of days which apply to other requirements in relation to TENs) exclude the day the notice is received and the first day of the event.
- 7.10 The police and EHA have a period of three working days from when they are given the notice to object to it on the basis of any of the four licensing objectives.
- 7.11 Although ten clear working days is the minimum possible notice that may be given, licensing authorities should publicise their preferences in terms of advance notice and encourage premises users to provide the earliest possible notice of events planned by them. Licensing authorities should also consider publicising a preferred maximum time in advance of an event by when TENs should ideally be given to them.

Late temporary event notices

- 7.12 Late TENs are intended to assist premises users who are required for reasons outside their control to, for example, change the venue for an event at short notice. However, late TENs may, of course, be given in any circumstances providing the limits specified at paragraph 7.15 are not exceeded.
- 7.13 Late TENs can be given up to five working days but no earlier than nine working days before the event is due to take place and, unless given electronically to the licensing authority, must also be sent by the premises user to the police and EHA. A late TEN given less than five days before the event to which it relates will be returned as void and the activities to which it relates will not be authorised.
- 7.14 A key difference between standard and late TENs is the process following an objection notice from the police or EHA. Where an objection notice is received in relation to a standard TEN the licensing authority must hold a hearing to consider the objection, unless all parties agree that a hearing is unnecessary. If the police, EHA or both give an objection to a late TEN, the notice will not be valid and the event will not go ahead as there is no scope for a hearing or the application of any existing licence conditions.

Limitations

- 7.15 A number of limitations are imposed on the use of TENs by the 2003 Act:
- the number of times a premises user may give a TEN is 50 times in a calendar year

for a personal licence holder and five times in a calendar year for other people;

- the number of times a premises user may give a late TEN is limited to 10 times in a calendar year for a personal licence holder and twice for other people. Late TENs count towards the total number of permitted TENs (i.e. the limit of five TENs a year for non-personal licence holders and 50 TENs for personal licence holders). A notice that is given less than ten working days before the event to which it relates, when the premises user has already given the permitted number of late TENs in that calendar year, will be returned as void and the activities described in it will not be authorised.
- the number of times a TEN may be given for any particular premises is 15 times in a calendar year;
- the maximum duration of an event authorised by a TEN is 168 hours (seven days);
- the maximum total duration of the events authorised by TENs in relation to individual premises is 21 days in a calendar year;
- the maximum number of people attending at any one time is 499; and
- the minimum period between events authorised under separate TENs in relation to the same premises (not including withdrawn TENs) by the same premises user is 24 hours.

7.16 Any associate, relative or business partner of the premises user is considered to be the same premises user in relation to these restrictions. The 2003 Act defines an associate, in relation to the premises user, as being:

- the spouse or civil partner of that person;
- a child, parent, grandchild, grandparent, brother or sister of that person;
- an agent or employee of that person; or
- the spouse or civil partner of a person listed in either of the two preceding bullet points.

7.17 A person living with another person as their husband or wife, is treated for these purposes as their spouse. 'Civil partner' has its meaning in the Civil Partnership Act 2004.

7.18 A TEN that is given may be subsequently withdrawn by the TEN user by giving the licensing authority a notice to that effect no later than 24 hours before the beginning of the event period specified in the TEN. Otherwise, the TEN will be included within the limits of TENs allowed in a given calendar year, even if the event does not go ahead.

7.19 Once these limits have been reached, the licensing authority should issue a counter notice (permitted limits) if any more are given. Proposed activities that exceed these limits will require a premises licence or club premises certificate.

7.20 TENs may be given in respect of premises which already have a premises licence or club premises certificate to cover licensable activities not permitted by the existing authorisation.

7.21 In determining whether the maximum total duration of the periods covered by TENs at any individual premises has exceeded 21 days, an event beginning before midnight and continuing into the next day would count as two days towards the 21-day limitation.

7.22 There is nothing in the 2003 Act to prevent notification of multiple events at the same time, provided the first event is at least ten working days away (or five working days

away in the case of a late TEN). For example, an individual personal licence holder wishing to exhibit and sell beer at a series of farmers' markets may wish to give several notices simultaneously. However, this would only be possible where the limits are not exceeded in the case of each notice. Where the events are due to take place in different licensing authority (and police) areas, the respective licensing authorities and relevant persons would each need to be notified accordingly.

Who can give a temporary event notice?

Personal licence holders

- 7.23 A personal licence holder can give a TEN at any premises on up to 50 occasions in a calendar year. This limit is inclusive of any late TENs given in the same year. The use of each TEN must of course observe the limits described above, including the limit of 15 TENs in respect of each premises in a calendar year.

Non-personal licence holders

- 7.24 The 2003 Act provides that any individual aged 18 or over may give a TEN to authorise the carrying on of all licensable activities under the Licensing Act 2003, whether or not that individual holds a personal licence. Such an individual will not, therefore, have met the requirements that apply to a personal licence holder under Part 6 of the 2003 Act. Where alcohol is not intended to be sold, this should not matter. However, many events will involve a combination of licensable activities and the 2003 Act limits the number of notices that may be given by any non-personal licence holder to five occasions in a calendar year (inclusive of any late TENs in the same year). In every other respect, the Guidance and information set out in the paragraphs above applies.

Role of the licensing authority

- 7.25 The licensing authority must check that the limitations set down in Part 5 of the 2003 Act are being observed and intervene if they are not (see paragraph 7.15). For example, a TEN would be void unless there is a minimum of 24 hours between events notified by the same premises user, or an associate or someone who is in business with the relevant premises user in respect of the same premises. This is to prevent evasion of the seven day (or 168 hour) limit on such events and the need to obtain a full premises licence or club premises certificate for more major or permanent events. In addition, for these purposes, a TEN is treated as being from the same premises user if it is given by an associate.
- 7.26 Where the application is not within the statutory parameters described earlier, the licensing authority will issue a counter notice to the premises user.
- 7.27 Where the TEN is in order, the relevant fee paid and the event falls within the prescribed limits, the licensing authority will record the notice in its register and send an acknowledgement to the premises user (which may be given electronically). The licensing authority must do so, no later than the end of the first working day following the day on which it was received (or by the end of the second working day if it was received on a non-working day), unless an objection notice is received beforehand from the police or EHA on the basis of any of the four licensing objectives (see paragraphs below).
- 7.28 If the licensing authority receives an objection notice from the police or EHA that is not

withdrawn, it must (in the case of a standard TEN only) hold a hearing to consider the objection unless all parties agree that this is unnecessary. The licensing committee may decide to allow the licensable activities to go ahead as stated in the notice. If the notice is in connection with licensable activities at licensed premises, the licensing authority may also impose one or more of the existing licence conditions on the TEN (insofar as such conditions are not inconsistent with the event) if it considers that this is appropriate for the promotion of the licensing objectives. If the authority decides to impose conditions, it must give notice to the premises user which includes a statement of conditions (a "notice (statement of conditions)") and provide a copy to each relevant party. Alternatively, it can decide that the event would undermine the licensing objectives and should not take place. In this case, the licensing authority must give a counter notice.

- 7.29 Premises users are not required to be on the premises during the event authorised by the TEN, but they will remain liable to prosecution for certain offences that may be committed at the premises during the period covered by it. These include, for example, the offences of the sale of alcohol to a person who is drunk; persistently selling alcohol to children and allowing disorderly conduct on licensed premises.
- 7.30 In the case of an event authorised by a TEN, failure to adhere to the requirements of the 2003 Act, such as the limitation of no more than 499 being present at any one time, would mean that the event was unauthorised. In such circumstances, the premises user would be liable to prosecution.
- 7.31 Section 8 of the 2003 Act requires licensing authorities to keep a register containing certain matters, including a record of TENs received. Under Schedule 3 of the 2003 Act, the licensing authority must also keep a record of such matters including any notice of withdrawal of a TEN, any counter notice to a TEN given following an objection by a relevant person and any TEN received following modification. If requested to do so, a licensing authority must supply a person with a copy of the information contained in any entry in its register. Each licensing authority must also provide facilities for making the information contained in the entries in its register available for inspection by any person during office hours and without payment. Licensing authorities may wish to consider bringing TENs to the attention of local councillors and residents by making their register available online or including relevant details of a TEN when it is received, along with notice of licence applications on the authority's website. There is no requirement to record all the personal information given on a TEN.

Police and environmental health intervention

- 7.32 The system of permitted temporary activities gives police and EHAs the opportunity to consider whether they should object to a TEN on the basis of any of the licensing objectives.
- 7.33 If the police or EHA believe that allowing the premises to be used in accordance with the TEN will undermine the licensing objectives, they must give the premises user and the licensing authority an objection notice. The objection notice must be given within the period of three working days following the day on which they received the TEN.
- 7.34 Where a standard TEN was given, the licensing authority must consider the objection at a hearing before a counter notice can be issued. At the hearing, the police, EHA and the

premises user may make representations to the licensing authority. Following the hearing, the licensing authority may decide to impose conditions which already apply to an existing premises licence or club premises certificate at the venue, or issue a counter notice to prevent the event going ahead. As noted above, there is no scope for hearings in respect of late TENs and if objections are raised by the police or EHA in relation to a late TEN, the notice will be invalid and the event will not go ahead.

- 7.35 Such cases might arise because of concerns about the scale, location, timing of the event or concerns about public nuisance – even where the statutory limits on numbers are being observed. The premises user who signs the form is legally responsible for ensuring that the numbers present do not exceed the permitted limit at any one time. In cases where there is reason to doubt that the numbers will remain within the permitted limit the premises user should make clear what the nature of the event(s) is and how they will ensure that the permitted persons limit will not be exceeded. For example, where notices are being given for TENs simultaneously on adjacent plots of land it may be appropriate for door staff to be employed with counters. In each case it is important that licensing authorities and relevant persons can consider whether they believe that the premises user intends to exceed the 499 person limit, or will be unable to control or know whether the limit will be exceeded. Where the planned activities are likely to breach the statutory limits or undermine the licensing objectives, it is likely to be appropriate for the police or EHA to raise objections.
- 7.36 However, in most cases, where for example, alcohol is supplied away from licensed premises at a temporary bar under the control of a personal licence holder, (such as at weddings with a cash bar or small social or sporting events) this should not usually give rise to the use of these powers.

Modification

- 7.37 As noted above, the police or EHA (as “relevant persons”) may contact the premises user to discuss their objections and try to come to an agreement which will allow the proposed licensable activities to proceed. The TEN can be modified (for example, by changing the details of the parts of the premises that are to be used for the event, the description of the nature of the intended activities or their duration). The other relevant person has to agree for the modification to be made. There is no scope under the 2003 Act for the modification of a late TEN.

Applying conditions to a TEN

- 7.38 The 2003 Act provides that only the licensing authority can impose conditions to a TEN from the existing conditions on the premises licence or club premises certificate at the venue. The licensing authority can only do so:
- if the police or the EHA have objected to the TEN;
 - if that objection has not been withdrawn;
 - if there is a licence or certificate in relation to at least a part of the premises in respect of which the TEN is given;
 - and if the licensing authority considers it appropriate for the promotion of the licensing objectives to impose one or more conditions.
- 7.39 This decision is one for the licensing authority alone, regardless of the premises user's

views or willingness to accept conditions. The conditions must be notified to the premises user on the form prescribed by regulations.

Duty of premises users to keep and produce TENs

- 7.40 Where a TEN is not prominently displayed at the premises, the police and licensing officers have the right under sections 109(5) and (6) of the 2003 Act to request the premises user (or relevant nominated person who has the TEN in their custody) to produce the TEN for examination. If the police do not intervene when a TEN is given, they will still be able to rely on their powers of closure under the Anti-social Behaviour, Crime and Policing Act 2014³.

16. Regulated entertainment

Types of regulated entertainment

- 16.1 Schedule 1 to the 2003 Act sets out what activities are regarded as the provision of regulated entertainment and when they are licensable and those activities which are not and therefore exempt from the regulated entertainment regime. Changes to regulated entertainment are due to take effect on 6 April 2015. Therefore, up until that date you should refer to chapter 16 of the guidance published in October 2014.
- 16.2 The descriptions of entertainment activities licensable under the 2003 Act are:
- a performance of a play;
 - an exhibition of a film;
 - an indoor sporting event;
 - a boxing or wrestling entertainment;
 - a performance of live music;
 - any playing of recorded music;
 - a performance of dance; and
 - entertainment of a similar description to a performance of live music, any playing of recorded music or a performance of dance.
- 16.3 To be licensable, one or more of these activities needs to be provided for the purpose (at least partly) of entertaining an audience; has to be held on premises made available for the purpose of enabling that activity; and must also either:
- take place in the presence of a public audience, or
 - where that activity takes place in private, be the subject of a charge made with a view to profit.
- 16.4 Guidance around what constitutes audiences and private events is at paragraphs 16.11-16.14.

Overview of circumstances in which entertainment activities are not licensable

- 16.5 There are a number of exemptions that mean that a licence (or other authorisation¹⁸) under the 2003 Act is not required. This Guidance cannot give examples of every eventuality or possible entertainment activity that is not licensable. However, the following activities are examples of entertainment which are not licensable:
- activities which involve participation as acts of worship in a religious context;
 - activities in places of public religious worship;
 - education – teaching students to perform music or to dance;
 - the demonstration of a product – for example, a guitar – in a music shop;
 - the rehearsal of a play or performance of music for a private audience where no charge is made with a view to making a profit;

¹⁸ The word 'licence' is typically used as a reference to all forms of authorisation

- Morris dancing (or similar)¹⁹;
- Incidental music – the performance of live music or the playing of recorded music if it is incidental to some other activity²⁰;
- Incidental film – an exhibition of moving pictures if it is incidental to some other activity²¹;
- A spontaneous performance of music, singing or dancing;
- Garden fetes – or similar if not being promoted or held for purposes of private gain;
- Films for advertisement, information, education or in museums or art galleries;
- Television or radio broadcasts – as long as the programme is live and simultaneous;
- Vehicles in motion – at a time when the vehicle is not permanently or temporarily parked;
- Games played in pubs, youth clubs etc. (e.g. pool, darts and table tennis);
- Stand-up comedy; and
- Provision of entertainment facilities (e.g. dance floors)²².

16.6 As a result of deregulatory changes that have amended the 2003 Act²³, no licence is required for the following activities:

- Plays: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500.
- Dance: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500²⁴.
- Films: no licence is required for 'not-for-profit' film exhibition held in community premises between 08.00 and 23.00 on any day provided that the audience does not exceed 500 and the organiser (a) gets consent to the screening from a person who is responsible for the premises; and (b) ensures that each such screening abides by age classification ratings.
- Indoor sporting events: no licence is required for an event between 08.00 and 23.00 on any day, provided that those present do not exceed 1000.
- Boxing or wrestling entertainment: no licence is required for a contest, exhibition or display of Greco-Roman wrestling, or freestyle wrestling between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000.
- Live music: no licence permission is required for:
 - a performance of unamplified live music between 08.00 and 23.00 on any day, on any premises.
 - a performance of amplified live music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises,

¹⁹ Including any live music or playing of recorded music as an integral part of a performance of Morris dancing, or similar activity.

²⁰ See paragraphs 16.57-16.61

²¹ See paragraphs 16.65-16.68

²² This was previously licensable under the 2003 Act until the commencement of the Live Music Act 2012.

²³ The Live Music Act 2012 ("2012 Act") <http://www.legislation.gov.uk/ukpga/2012/2>; Licensing Act 2003 (Descriptions of Entertainment) (Amendment) Order 2013 ("2013 Order") <http://www.legislation.gov.uk/uksi/2013/1578/contents/made>; The Legislative Reform (Entertainment Licensing) Order 2014 ("2014 Order") <http://www.legislation.gov.uk/uksi/2014/3253/introduction/made>; and the Deregulation Act 2015 ("2015 Act").

²⁴ But see paragraphs 16.47 -16.48 in relation to dance that is adult entertainment and remains licensable.

activities for which a licence is required (e.g. the sale or supply of alcohol for consumption on the premises), conditions included in a licence may nevertheless apply to the non-licensable activities in the circumstances set out in paragraphs 16.52 and 16.53 (conditions relating to other non-licensable activities).

- 16.47 Dance that is sufficiently sexual in nature continues to be regulated. Performances of dance which are “relevant entertainment” within the meaning of the Local Government (Miscellaneous Provisions) Act 1982 (“the 1982 Act”) are not deregulated, regardless of the size of the audience or the time of day. “Relevant entertainment” is defined in the 1982 Act as a live performance or live display of nudity that, ignoring financial gain, can be assumed to be provided solely or principally for the purpose of sexually stimulating any member of the audience.⁷⁰
- 16.48 In almost all cases where a performance of dance is potentially licensable as both the provision of **relevant** entertainment (under the 1982 Act) and **regulated** entertainment (under the 2003 Act), the 1982 Act disapplies the entertainment licensing regime in the 2003 Act in favour of its stricter regime for the control of sex establishments. However, an authorisation under the 2003 Act rather than the 1982 Act will continue to be required where:
- the premises are not licensed as a sex entertainment venue under the 1982 Act, and
 - relevant entertainment has been provided at those premises on no more than 11 occasions in any 12 month period, with none of those occasions lasting longer than 24 hours or taking place within a month of any other such occasion.

Boxing or wrestling entertainment and conditions relating to combined fighting sports

- 16.49 An indoor boxing or wrestling entertainment cannot also be an indoor sporting event, and any contest, exhibition or display that combines boxing or wrestling with one or more martial arts (‘combined fighting sports’) is – whether indoors or not – a boxing or wrestling entertainment.
- 16.50 Where a premises licence or club premises certificate purports to authorise a boxing or wrestling entertainment or combined fighting sports as an ‘indoor sporting event’, the 2013 Order provides that the authorisation will be treated as having authorised those activities as a boxing or wrestling entertainment. Those activities will continue to be subject to any relevant conditions attached to that authorisation.
- 16.51 A contest, exhibition or display of Greco-Roman wrestling, or of freestyle wrestling, between two participants (regardless of their sex) does not require a licence provided that certain qualifying conditions are met. They are that:
- it takes place in the presence of no more than 1,000 spectators;
 - it takes place between 08.00 and 23.00 on the same day; and
 - it take place wholly inside a building and the spectators present at that entertainment are accommodated wholly inside that building.

Home Office

Revised Guidance issued under section 182 of the Licensing Act 2003

April 2018

1. Introduction

The Licensing Act 2003

- 1.1 The Licensing Act 2003 (referred to in this Guidance as the 2003 Act), its explanatory notes and any statutory instruments made under it may be viewed online at www.legislation.gov.uk. The statutory instruments include regulations setting out the content and format of application forms and notices. The Home Office has responsibility for the 2003 Act. However, the Department for Culture, Media and Sport (DCMS) is responsible for regulated entertainment, for which there is provision in Schedule 1 to the 2003 Act (see Chapter 16).

Licensing objectives and aims

- 1.2 The legislation provides a clear focus on the promotion of four statutory objectives which must be addressed when licensing functions are undertaken.
- 1.3 The licensing objectives are:
- The prevention of crime and disorder;
 - Public safety;
 - The prevention of public nuisance; and
 - The protection of children from harm.
- 1.4 Each objective is of equal importance. There are no other statutory licensing objectives, so that the promotion of the four objectives is a paramount consideration at all times.
- 1.5 However, the legislation also supports a number of other key aims and purposes. These are vitally important and should be principal aims for everyone involved in licensing work. They include:
- protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises;
 - giving the police and licensing authorities the powers they need to effectively manage and police the night-time economy and take action against those premises that are causing problems;
 - recognising the important role which pubs and other licensed premises play in our local communities by minimising the regulatory burden on business, encouraging innovation and supporting responsible premises;
 - providing a regulatory framework for alcohol which reflects the needs of local communities and empowers local authorities to make and enforce decisions about the most appropriate licensing strategies for their local area; and
 - encouraging greater community involvement in licensing decisions and giving local residents the opportunity to have their say regarding licensing decisions that may affect them.

The guidance

- 1.6 Section 182 of the 2003 Act provides that the Secretary of State must issue and, from time to time, may revise guidance to licensing authorities on the discharge of their functions under the 2003 Act. This revised guidance takes effect as soon as it is published. Where a licence application was made prior to the publication of the revised guidance, it should be processed in accordance with the guidance in effect at the time at which the application was made; the revised guidance does not apply retrospectively. However, all applications received by the licensing authority on or after the date the revised guidance was published should be processed in accordance with the revised guidance.

Purpose

- 1.7 This Guidance is provided to licensing authorities in relation to the carrying out of their functions under the 2003 Act. It also provides information to magistrates' courts hearing appeals against licensing decisions and has been made widely available for the benefit of those who run licensed premises, their legal advisers and the general public. It is a key medium for promoting best practice, ensuring consistent application of licensing powers across England and Wales and for promoting fairness, equal treatment and proportionality.
- 1.8 The police remain key enforcers of licensing law. This Guidance does not bind police officers who, within the parameters of their force orders and the law, remain operationally independent. However, this Guidance is provided to support and assist police officers in interpreting and implementing the 2003 Act in the promotion of the four licensing objectives.

Legal status

- 1.9 Section 4 of the 2003 Act provides that, in carrying out its functions, a licensing authority must 'have regard to' guidance issued by the Secretary of State under section 182. This Guidance is therefore binding on all licensing authorities to that extent. However, this Guidance cannot anticipate every possible scenario or set of circumstances that may arise and, as long as licensing authorities have properly understood this Guidance, they may depart from it if they have good reason to do so and can provide full reasons. Departure from this Guidance could give rise to an appeal or judicial review, and the reasons given will then be a key consideration for the courts when considering the lawfulness and merits of any decision taken.
- 1.10 Nothing in this Guidance should be taken as indicating that any requirement of licensing law or any other law may be overridden (including the obligations placed on any public authorities under human rights legislation). This Guidance does not in any way replace the statutory provisions of the 2003 Act or add to its scope and licensing authorities should note that interpretation of the 2003 Act is a matter for the courts. Licensing authorities and others using this Guidance must take their own professional and legal advice about its implementation.

Licensing policies

- 1.11 Section 5 of the 2003 Act requires a licensing authority to determine and publish a statement of its licensing policy at least once every five years. The policy must be published before it carries out any licensing functions under the 2003 Act.
- 1.12 However, determining and publishing a statement of its policy is a licensing function and as such the authority must have regard to this Guidance when taking this step. A licensing authority may depart from its own policy if the individual circumstances of any case merit such a decision in the interests of the promotion of the licensing objectives. But once again, it is important that it should be able to give full reasons for departing from its published statement of licensing policy. Where revisions to this Guidance are issued by the Secretary of State, there may be a period of time when the licensing policy statement is inconsistent with the Guidance (for example, during any consultation by the licensing authority). In these circumstances, the licensing authority should have regard, and give appropriate weight, to this Guidance and its own existing licensing policy statement.

Licensable activities

- 1.13 For the purposes of the 2003 Act, the following are licensable activities:
- The sale by retail of alcohol;
 - The supply of alcohol by or on behalf of a club to, or to the order of, a member of the club;
 - The provision of regulated entertainment; and
 - The provision of late night refreshment.

Further explanation of these terms is provided in Chapter 3.

Authorisations or permissions

- 1.14 The 2003 Act provides for four different types of authorisation or permission, as follows:
- Premises licence – to use premises for licensable activities.
 - Club premises certificate – to allow a qualifying club to engage in qualifying club activities as set out in Section 1 of the Act.
 - Temporary event notice – to carry out licensable activities at a temporary event.
 - Personal licence – to sell or authorise the sale of alcohol from premises in respect of which there is a premises licence.

General principles

- 1.15 If an application for a premises licence or club premises certificate has been made lawfully and there have been no representations from responsible authorities or other persons, the licensing authority must grant the application, subject only to conditions that are consistent with the operating schedule and relevant mandatory conditions. It is recommended that licence applicants contact responsible authorities when preparing their operating schedules.

Licence conditions – general principles

1.16 Conditions on a premises licence or club premises certificate are important in setting the parameters within which premises can lawfully operate. The use of wording such as “must”, “shall” and “will” is encouraged. Licence conditions:

- must be appropriate for the promotion of the licensing objectives;
- must be precise and enforceable;
- must be unambiguous and clear in what they intend to achieve;
- should not duplicate other statutory requirements or other duties or responsibilities placed on the employer by other legislation;
- must be tailored to the individual type, location and characteristics of the premises and events concerned;
- should not be standardised and may be unlawful when it cannot be demonstrated that they are appropriate for the promotion of the licensing objectives in an individual case;
- should not replicate offences set out in the 2003 Act or other legislation;
- should be proportionate, justifiable and be capable of being met;
- cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder and their staff, but may impact on the behaviour of customers in the immediate vicinity of the premises or as they enter or leave; and
- should be written in a prescriptive format.

Each application on its own merits

1.17 Each application must be considered on its own merits and in accordance with the licensing authority’s statement of licensing policy; for example, if the application falls within the scope of a cumulative impact policy. Conditions attached to licences and certificates must be tailored to the individual type, location and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.

Additional guidance

1.18 From time to time, the Home Office may issue additional supporting guidance to licensing authorities and other persons on the Gov.uk website. This supporting guidance is good practice guidance and should be viewed as indicative and subject to change. Such supporting guidance will broadly reflect but will not be part of the statutory guidance issued by the Secretary of State under section 182 of the 2003 Act. Licensing authorities may wish to refer to, but are under no statutory duty to have regard to such supporting guidance issued by the Home Office.

Other relevant legislation

1.19 While licence conditions should not duplicate other statutory provisions, licensing authorities and licensees should be mindful of requirements and responsibilities placed on them by other legislation. Legislation which may be relevant includes:

- The Gambling Act 2005
- The Environmental Protection Act 1990
- The Noise Act 1996
- The Clean Neighbourhoods and Environmental Act 2005
- The Regulatory Reform (Fire Safety) Order 2005
- The Health and Safety at Work etc. Act 1974
- The Equality Act 2010
- The Immigration Act 2016
- Regulators' Code under the Legislative and Regulatory Reform Act 2006

2. The licensing objectives

Crime and disorder

- 2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).
- 2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority ("SIA") as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.
- 2.3 Conditions should be targeted on deterrence and preventing crime and disorder including the prevention of illegal working in licensed premises (see paragraph 10.10). For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.
- 2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises. These systems allow managers of licensed premises to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.
- 2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

- 2.6 The prevention of crime includes the prevention of immigration crime including the prevention of illegal working in licensed premises. Licensing authorities should work with Home Office Immigration Enforcement, as well as the police, in respect of these matters. Licence conditions that are considered appropriate for the prevention of illegal working in licensed premises might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check are retained at the licensed premises.

Public safety

- 2.7 Licence holders have a responsibility to ensure the safety of those using their premises, as a part of their duties under the 2003 Act. This concerns the safety of people using the relevant premises rather than public health which is addressed in other legislation. Physical safety includes the prevention of accidents and injuries and other immediate harms that can result from alcohol consumption such as unconsciousness or alcohol poisoning. Conditions relating to public safety may also promote the crime and disorder objective as noted above. There will of course be occasions when a public safety condition could incidentally benefit a person's health more generally, but it should not be the purpose of the condition as this would be outside the licensing authority's powers (be ultra vires) under the 2003 Act. Conditions should not be imposed on a premises licence or club premises certificate which relate to cleanliness or hygiene.
- 2.8 A number of matters should be considered in relation to public safety. These may include:
- Fire safety;
 - Ensuring appropriate access for emergency services such as ambulances;
 - Good communication with local authorities and emergency services, for example communications networks with the police and signing up for local incident alerts (see paragraph 2.4 above);
 - Ensuring the presence of trained first aiders on the premises and appropriate first aid kits;
 - Ensuring the safety of people when leaving the premises (for example, through the provision of information on late-night transportation);
 - Ensuring appropriate and frequent waste disposal, particularly of glass bottles;
 - Ensuring appropriate limits on the maximum capacity of the premises (see paragraphs 2.12-2.13, and Chapter 10; and
 - Considering the use of CCTV in and around the premises (as noted in paragraph 2.3 above, this may also assist with promoting the crime and disorder objective).
- 2.9 The measures that are appropriate to promote public safety will vary between premises and the matters listed above may not apply in all cases. As set out in Chapter 8 (8.38-8.46), applicants should consider when making their application which steps it is appropriate to take to promote the public safety objective and demonstrate how they achieve that.

Ensuring safe departure of those using the premises

- 2.10 Licence holders should make provision to ensure that premises users safely leave their premises. Measures that may assist include:
- Providing information on the premises of local taxi companies who can provide safe transportation home; and
 - Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks.

Maintenance and repair

- 2.11 Where there is a requirement in other legislation for premises open to the public or for employers to possess certificates attesting to the safety or satisfactory nature of certain equipment or fixtures on the premises, it would be inappropriate for a licensing condition to require possession of such a certificate. However, it would be permissible to require as a condition of a licence or certificate, if appropriate, checks on this equipment to be conducted at specified intervals and for evidence of these checks to be retained by the premises licence holder or club provided this does not duplicate or gold-plate a requirement in other legislation. Similarly, it would be permissible for licensing authorities, if they receive relevant representations from responsible authorities or any other persons, to attach conditions which require equipment of particular standards to be maintained on the premises. Responsible authorities – such as health and safety authorities – should therefore make their expectations clear in this respect to enable prospective licence holders or clubs to prepare effective operating schedules and club operating schedules.

Safe capacities

- 2.12 “Safe capacities” should only be imposed where appropriate for the promotion of public safety or the prevention of disorder on the relevant premises. For example, if a capacity has been imposed through other legislation, it would be inappropriate to reproduce it in a premises licence. Indeed, it would also be wrong to lay down conditions which conflict with other legal requirements. However, if no safe capacity has been imposed through other legislation, a responsible authority may consider it appropriate for a new capacity to be attached to the premises which would apply at any material time when the licensable activities are taking place and make representations to that effect. For example, in certain circumstances, capacity limits may be appropriate in preventing disorder, as overcrowded venues can increase the risks of crowds becoming frustrated and hostile.
- 2.13 The permitted capacity is a limit on the number of persons who may be on the premises at any time, following a recommendation by the relevant fire and rescue authority under the Regulatory Reform (Fire Safety) Order 2005. For any application for a premises licence or club premises certificate for premises without an existing permitted capacity where the applicant wishes to take advantage of the special provisions set out in section 177 of the 2003 Act¹, the applicant should conduct their own risk assessment as to the appropriate capacity of the premises. They should send their recommendation to the fire and rescue authority which will consider it and decide what the “permitted capacity” of

¹ S 177 of the 2003 Act now only applies to performances of dance.

those premises should be.

- 2.14 Public safety may include the safety of performers appearing at any premises, but does not extend to the prevention of injury from participation in a boxing or wrestling entertainment.

Public nuisance

- 2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.
- 2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.
- 2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the

early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.

- 2.20 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

Protection of children from harm

- 2.22 The protection of children from harm includes the protection of children from moral, psychological and physical harm. This includes not only protecting children from the harms associated directly with alcohol consumption but also wider harms such as exposure to strong language and sexual expletives (for example, in the context of exposure to certain films or adult entertainment). Licensing authorities must also consider the need to protect children from sexual exploitation when undertaking licensing functions.
- 2.23 The Government believes that it is completely unacceptable to sell alcohol to children. Conditions relating to the access of children where alcohol is sold and which are appropriate to protect them from harm should be carefully considered. Moreover, conditions restricting the access of children to premises should be strongly considered in circumstances where:
- adult entertainment is provided;
 - a member or members of the current management have been convicted for serving alcohol to minors or with a reputation for allowing underage drinking (other than in the context of the exemption in the 2003 Act relating to 16 and 17 year olds consuming beer, wine and cider when accompanied by an adult during a table meal);
 - it is known that unaccompanied children have been allowed access;
 - there is a known association with drug taking or dealing; or
 - in some cases, the premises are used exclusively or primarily for the sale of alcohol for consumption on the premises.
- 2.24 It is also possible that activities, such as adult entertainment, may take place at certain times on premises but not at other times. For example, premises may operate as a café bar during the day providing meals for families but also provide entertainment with a sexual content after 8.00pm. It is not possible to give an exhaustive list of what amounts to entertainment or services of an adult or sexual nature. Applicants, responsible

authorities and licensing authorities will need to consider this point carefully. This would broadly include topless bar staff, striptease, lap-, table- or pole-dancing, performances involving feigned violence or horrific incidents, feigned or actual sexual acts or fetishism, or entertainment involving strong and offensive language.

- 2.25 Applicants must be clear in their operating schedules about the activities and times at which the events would take place to help determine when it is not appropriate for children to enter the premises. Consideration should also be given to the proximity of premises to schools and youth clubs so that applicants take appropriate steps to ensure that advertising relating to their premises, or relating to events at their premises, is not displayed at a time when children are likely to be near the premises.
- 2.26 Licensing authorities and responsible authorities should expect applicants, when preparing an operating schedule or club operating schedule, to set out the steps to be taken to protect children from harm when on the premises.
- 2.27 Conditions, where they are appropriate, should reflect the licensable activities taking place on the premises. In addition to the mandatory condition regarding age verification, other conditions relating to the protection of children from harm can include:
- restrictions on the hours when children may be present;
 - restrictions or exclusions on the presence of children under certain ages when particular specified activities are taking place;
 - restrictions on the parts of the premises to which children may have access;
 - age restrictions (below 18);
 - restrictions or exclusions when certain activities are taking place;
 - requirements for an accompanying adult (including for example, a combination of requirements which provide that children under a particular age must be accompanied by an adult); and
 - full exclusion of people under 18 from the premises when any licensable activities are taking place.
- 2.28 Please see also Chapter 10 for details about the Licensing Act 2003 (Mandatory Licensing Conditions) Order 2010.
- 2.29 Licensing authorities should give considerable weight to representations about child protection matters. In addition to the responsible authority whose functions relate directly to child protection, the Director of Public Health may also have access to relevant evidence to inform such representations. These representations may include, amongst other things, the use of health data about the harms that alcohol can cause to underage drinkers. Where a responsible authority, or other person, presents evidence to the licensing authority linking specific premises with harms to children (such as ambulance data or emergency department attendances by persons under 18 years old with alcohol-related illnesses or injuries) this evidence should be considered, and the licensing authority should also consider what action is appropriate to ensure this licensing objective is effectively enforced. In relation to applications for the grant of a licence in areas where evidence is presented on high levels of alcohol-related harms in persons aged under 18, it is recommended that the licensing authority considers what conditions may be appropriate to ensure that this objective is promoted effectively.
- 2.30 The 2003 Act provides that, where a premises licence or club premises certificate

authorises the exhibition of a film, it must include a condition requiring the admission of children to films to be restricted in accordance with recommendations given either by a body designated under section 4 of the Video Recordings Act 1984 specified in the licence (the British Board of Film Classification is currently the only body which has been so designated) or by the licensing authority itself. Further details are given in Chapter 10.

- 2.31 Theatres may present a range of diverse activities and entertainment including, for example, variety shows incorporating adult entertainment. It is appropriate in these cases for a licensing authority to consider restricting the admission of children in such circumstances. Entertainments may also be presented at theatres specifically for children. It will be appropriate to consider whether a condition should be attached to a premises licence or club premises certificate which requires the presence of a sufficient number of adult staff on the premises to ensure the wellbeing of the children during any emergency.

Offences relating to the sale and supply of alcohol to children

- 2.32 Licensing authorities are expected to maintain close contact with the police, young offenders' teams and trading standards officers (who can carry out test purchases under section 154 of the 2003 Act) about the extent of unlawful sales and consumption of alcohol by minors and to be involved in the development of any strategies to control or prevent these unlawful activities and to pursue prosecutions. Licensing authorities, alongside the police, are prosecuting authorities for the purposes of these offences, except for the offences under section 147A (persistently selling alcohol to children). Where, as a matter of policy, warnings are given to retailers prior to any decision to prosecute in respect of an offence, it is important that each of the enforcement arms should be aware of the warnings each of them has given.

7. Temporary Event Notices (TENs)

- 7.1 This Chapter covers the arrangements in Part 5 of the 2003 Act for the temporary carrying on of licensable activities which are not authorised by a premises licence or club premises certificate.

General

- 7.2 The system of permitted temporary activities is intended as a light touch process, and as such, the carrying on of licensable activities does not have to be authorised by the licensing authority on an application. Instead, a person wishing to hold an event at which such activities are proposed to be carried on (the “premises user”) gives notice to the licensing authority of the event (a “temporary event notice” or “TEN”).
- 7.3 The TEN must be given to the licensing authority in the form prescribed in regulations made under the 2003 Act. The form requires the user to describe key aspects of the proposed event, including the general nature of the premises and the event, the licensable activities intended to be carried on at the proposed event, including whether they will include any relevant entertainment as defined in Schedule 3 to the Local Government (Miscellaneous Provisions) Act 1982 (i.e. displays of nudity designed to sexually stimulate any member of the audience including, but not limited to, lap dancing and pole dancing). Under the 2003 Act ‘premises’ can mean any place. Events authorised under a TEN will therefore not always be in a building with a formal address and can take place, for example, in public parks and plots within larger areas of land. In all cases, the premises user should provide a clear description of the area in which they propose to carry on licensable activities, including whether the premises are, for example, an open field or a beer tent. Local authorities and “relevant persons” (see below) may wish to make enquiries where appropriate to satisfy themselves of the exact location for where a TEN is being given.
- 7.4 Unless it is sent electronically, it must be sent to the relevant licensing authority, to the police and “local authority exercising environmental health functions” (“EHA”) at least ten working days before the event. A premises user may also give a limited number of “late TENs” to the licensing authority less than 10 working days before the event to which they relate, although certain restrictions apply (see paragraphs 7.12-7.14). “Working day” under the 2003 Act means any day other than a Saturday, Sunday, Christmas Day, Good Friday or Bank Holiday. For limited purposes in relation to a TEN, the 2003 Act defines a “day” as a period of 24 hours beginning at midnight.
- 7.5 If a TEN is sent electronically via GOV.UK or the licensing authority’s own facility, the licensing authority must notify the police and EHA as soon as possible and no later than the first working day after the TEN is given.
- 7.6 The police or EHA (“relevant persons” for the purposes of TENs) may intervene to prevent such an event taking place by sending an objection to the licensing authority, which the licensing authority must consider on the basis of the statutory licensing objectives and decide whether the event should go ahead. A relevant person may also intervene by agreeing a modification of the proposed arrangements directly with the TENs user (see paragraph 7.36). If a relevant person sends an objection, this may

result in the licensing authority imposing conditions on a TEN but only where the venue at which the event is to be held has an existing premises licence or club premises certificate. When giving a TEN, the premises user should consider the promotion of the four licensing objectives. The licensing authority may only otherwise intervene if the statutory permitted limits on TENs would be exceeded (see paragraphs 7.15-7.22).

- 7.7 A TEN does not relieve the premises user from any requirements under planning law for appropriate planning permission where it is required.

Standard and late temporary event notices

- 7.8 There are two types of TEN: a standard TEN and a late TEN. These are subject to different processes: a standard notice is given no later than ten working days before the event to which it relates; and a late notice is given not before nine and not later than five working days before the event.

Standard temporary event notices

- 7.9 "Ten working days" (and other periods of days which apply to other requirements in relation to TENs) exclude the day the notice is received and the first day of the event.
- 7.10 The police and EHA have a period of three working days from when they are given the notice to object to it on the basis of any of the four licensing objectives.
- 7.11 Although ten clear working days is the minimum possible notice that may be given, licensing authorities should publicise their preferences in terms of advance notice and encourage premises users to provide the earliest possible notice of events planned by them. Licensing authorities should also consider publicising a preferred maximum time in advance of an event by when TENs should ideally be given to them.

Late temporary event notices

- 7.12 Late TENs are intended to assist premises users who are required for reasons outside their control to, for example, change the venue for an event at short notice. However, late TENs may, of course, be given in any circumstances providing the limits specified at paragraph 7.15 are not exceeded.
- 7.13 Late TENs can be given up to five working days but no earlier than nine working days before the event is due to take place and, unless given electronically to the licensing authority, must also be sent by the premises user to the police and EHA. A late TEN given less than five days before the event to which it relates will be returned as void and the activities to which it relates will not be authorised.
- 7.14 A key difference between standard and late TENs is the process following an objection notice from the police or EHA. Where an objection notice is received in relation to a standard TEN the licensing authority must hold a hearing to consider the objection, unless all parties agree that a hearing is unnecessary. If the police, EHA or both give an objection to a late TEN, the notice will not be valid and the event will not go ahead as there is no scope for a hearing or the application of any existing licence conditions.

Limitations

- 7.15 A number of limitations are imposed on the use of TENs by the 2003 Act:
- the number of times a premises user may give a TEN is 50 times in a calendar year

for a personal licence holder and five times in a calendar year for other people;

- the number of times a premises user may give a late TEN is limited to 10 times in a calendar year for a personal licence holder and twice for other people. Late TENs count towards the total number of permitted TENs (i.e. the limit of five TENs a year for non-personal licence holders and 50 TENs for personal licence holders). A notice that is given less than ten working days before the event to which it relates, when the premises user has already given the permitted number of late TENs in that calendar year, will be returned as void and the activities described in it will not be authorised.
- the number of times a TEN may be given for any particular premises is 15 times in a calendar year;
- the maximum duration of an event authorised by a TEN is 168 hours (seven days);
- the maximum total duration of the events authorised by TENs in relation to individual premises is 21 days in a calendar year;
- the maximum number of people attending at any one time is 499; and
- the minimum period between events authorised under separate TENs in relation to the same premises (not including withdrawn TENs) by the same premises user is 24 hours.

7.16 Any associate, relative or business partner of the premises user is considered to be the same premises user in relation to these restrictions. The 2003 Act defines an associate, in relation to the premises user, as being:

- the spouse or civil partner of that person;
- a child, parent, grandchild, grandparent, brother or sister of that person;
- an agent or employee of that person; or
- the spouse or civil partner of a person listed in either of the two preceding bullet points.

7.17 A person living with another person as their husband or wife, is treated for these purposes as their spouse. 'Civil partner' has its meaning in the Civil Partnership Act 2004.

7.18 A TEN that is given may be subsequently withdrawn by the TEN user by giving the licensing authority a notice to that effect no later than 24 hours before the beginning of the event period specified in the TEN. Otherwise, the TEN will be included within the limits of TENs allowed in a given calendar year, even if the event does not go ahead.

7.19 Once these limits have been reached, the licensing authority should issue a counter notice (permitted limits) if any more are given. Proposed activities that exceed these limits will require a premises licence or club premises certificate.

7.20 TENs may be given in respect of premises which already have a premises licence or club premises certificate to cover licensable activities not permitted by the existing authorisation.

7.21 In determining whether the maximum total duration of the periods covered by TENs at any individual premises has exceeded 21 days, an event beginning before midnight and continuing into the next day would count as two days towards the 21-day limitation.

7.22 There is nothing in the 2003 Act to prevent notification of multiple events at the same time, provided the first event is at least ten working days away (or five working days

away in the case of a late TEN). For example, an individual personal licence holder wishing to exhibit and sell beer at a series of farmers' markets may wish to give several notices simultaneously. However, this would only be possible where the limits are not exceeded in the case of each notice. Where the events are due to take place in different licensing authority (and police) areas, the respective licensing authorities and relevant persons would each need to be notified accordingly.

Who can give a temporary event notice?

Personal licence holders

- 7.23 A personal licence holder can give a TEN at any premises on up to 50 occasions in a calendar year. This limit is inclusive of any late TENs given in the same year. The use of each TEN must of course observe the limits described above, including the limit of 15 TENs in respect of each premises in a calendar year.

Non-personal licence holders

- 7.24 The 2003 Act provides that any individual aged 18 or over may give a TEN to authorise the carrying on of all licensable activities under the Licensing Act 2003, whether or not that individual holds a personal licence. Such an individual will not, therefore, have met the requirements that apply to a personal licence holder under Part 6 of the 2003 Act. Where alcohol is not intended to be sold, this should not matter. However, many events will involve a combination of licensable activities and the 2003 Act limits the number of notices that may be given by any non-personal licence holder to five occasions in a calendar year (inclusive of any late TENs in the same year). In every other respect, the Guidance and information set out in the paragraphs above applies.

Role of the licensing authority

- 7.25 The licensing authority must check that the limitations set down in Part 5 of the 2003 Act are being observed and intervene if they are not (see paragraph 7.15). For example, a TEN would be void unless there is a minimum of 24 hours between events notified by the same premises user, or an associate or someone who is in business with the relevant premises user in respect of the same premises. This is to prevent evasion of the seven day (or 168 hour) limit on such events and the need to obtain a full premises licence or club premises certificate for more major or permanent events. In addition, for these purposes, a TEN is treated as being from the same premises user if it is given by an associate.
- 7.26 Where the application is not within the statutory parameters described earlier, the licensing authority will issue a counter notice to the premises user.
- 7.27 Where the TEN is in order, the relevant fee paid and the event falls within the prescribed limits, the licensing authority will record the notice in its register and send an acknowledgement to the premises user (which may be given electronically). The licensing authority must do so, no later than the end of the first working day following the day on which it was received (or by the end of the second working day if it was received on a non-working day), unless an objection notice is received beforehand from the police or EHA on the basis of any of the four licensing objectives (see paragraphs below).
- 7.28 If the licensing authority receives an objection notice from the police or EHA that is not

withdrawn, it must (in the case of a standard TEN only) hold a hearing to consider the objection unless all parties agree that this is unnecessary. The licensing committee may decide to allow the licensable activities to go ahead as stated in the notice. If the notice is in connection with licensable activities at licensed premises, the licensing authority may also impose one or more of the existing licence conditions on the TEN (insofar as such conditions are not inconsistent with the event) if it considers that this is appropriate for the promotion of the licensing objectives. If the authority decides to impose conditions, it must give notice to the premises user which includes a statement of conditions (a "notice (statement of conditions)") and provide a copy to each relevant party. Alternatively, it can decide that the event would undermine the licensing objectives and should not take place. In this case, the licensing authority must give a counter notice.

- 7.29 Premises users are not required to be on the premises during the event authorised by the TEN, but they will remain liable to prosecution for certain offences that may be committed at the premises during the period covered by it. These include, for example, the offences of the sale of alcohol to a person who is drunk; persistently selling alcohol to children and allowing disorderly conduct on licensed premises.
- 7.30 In the case of an event authorised by a TEN, failure to adhere to the requirements of the 2003 Act, such as the limitation of no more than 499 being present at any one time, would mean that the event was unauthorised. In such circumstances, the premises user would be liable to prosecution.
- 7.31 Section 8 of the 2003 Act requires licensing authorities to keep a register containing certain matters, including a record of TENs received. Under Schedule 3 of the 2003 Act, the licensing authority must also keep a record of such matters including any notice of withdrawal of a TEN, any counter notice to a TEN given following an objection by a relevant person and any TEN received following modification. If requested to do so, a licensing authority must supply a person with a copy of the information contained in any entry in its register. Each licensing authority must also provide facilities for making the information contained in the entries in its register available for inspection by any person during office hours and without payment. Licensing authorities may wish to consider bringing TENs to the attention of local councillors and residents by making their register available online or including relevant details of a TEN when it is received, along with notice of licence applications on the authority's website. There is no requirement to record all the personal information given on a TEN.

Police and environmental health intervention

- 7.32 The system of permitted temporary activities gives police and EHAs the opportunity to consider whether they should object to a TEN on the basis of any of the licensing objectives.
- 7.33 If the police or EHA believe that allowing the premises to be used in accordance with the TEN will undermine the licensing objectives, they must give the premises user and the licensing authority an objection notice. The objection notice must be given within the period of three working days following the day on which they received the TEN.
- 7.34 Where a standard TEN was given, the licensing authority must consider the objection at a hearing before a counter notice can be issued. At the hearing, the police, EHA and the

premises user may make representations to the licensing authority. Following the hearing, the licensing authority may decide to impose conditions which already apply to an existing premises licence or club premises certificate at the venue, or issue a counter notice to prevent the event going ahead. As noted above, there is no scope for hearings in respect of late TENs and if objections are raised by the police or EHA in relation to a late TEN, the notice will be invalid and the event will not go ahead.

- 7.35 Such cases might arise because of concerns about the scale, location, timing of the event or concerns about public nuisance – even where the statutory limits on numbers are being observed. The premises user who signs the form is legally responsible for ensuring that the numbers present do not exceed the permitted limit at any one time. In cases where there is reason to doubt that the numbers will remain within the permitted limit the premises user should make clear what the nature of the event(s) is and how they will ensure that the permitted persons limit will not be exceeded. For example, where notices are being given for TENs simultaneously on adjacent plots of land it may be appropriate for door staff to be employed with counters. In each case it is important that licensing authorities and relevant persons can consider whether they believe that the premises user intends to exceed the 499 person limit, or will be unable to control or know whether the limit will be exceeded. Where the planned activities are likely to breach the statutory limits or undermine the licensing objectives, it is likely to be appropriate for the police or EHA to raise objections.
- 7.36 However, in most cases, where for example, alcohol is supplied away from licensed premises at a temporary bar under the control of a personal licence holder, (such as at weddings with a cash bar or small social or sporting events) this should not usually give rise to the use of these powers.

Modification

- 7.37 As noted above, the police or EHA (as “relevant persons”) may contact the premises user to discuss their objections and try to come to an agreement which will allow the proposed licensable activities to proceed. The TEN can be modified (for example, by changing the details of the parts of the premises that are to be used for the event, the description of the nature of the intended activities or their duration). The other relevant person has to agree for the modification to be made. There is no scope under the 2003 Act for the modification of a late TEN.

Applying conditions to a TEN

- 7.38 The 2003 Act provides that only the licensing authority can impose conditions to a TEN from the existing conditions on the premises licence or club premises certificate at the venue. The licensing authority can only do so:
- if the police or the EHA have objected to the TEN;
 - if that objection has not been withdrawn;
 - if there is a licence or certificate in relation to at least a part of the premises in respect of which the TEN is given;
 - and if the licensing authority considers it appropriate for the promotion of the licensing objectives to impose one or more conditions.
- 7.39 This decision is one for the licensing authority alone, regardless of the premises user's

views or willingness to accept conditions. The conditions must be notified to the premises user on the form prescribed by regulations.

Duty of premises users to keep and produce TENs

- 7.40 Where a TEN is not prominently displayed at the premises, the police and licensing officers have the right under sections 109(5) and (6) of the 2003 Act to request the premises user (or relevant nominated person who has the TEN in their custody) to produce the TEN for examination. If the police do not intervene when a TEN is given, they will still be able to rely on their powers of closure under the Anti-social Behaviour, Crime and Policing Act 2014³.

16. Regulated entertainment

Types of regulated entertainment

- 16.1 Schedule 1 to the 2003 Act sets out what activities are regarded as the provision of regulated entertainment and when they are licensable and those activities which are not and therefore exempt from the regulated entertainment regime. Changes to regulated entertainment are due to take effect on 6 April 2015. Therefore, up until that date you should refer to chapter 16 of the guidance published in October 2014.
- 16.2 The descriptions of entertainment activities licensable under the 2003 Act are:
- a performance of a play;
 - an exhibition of a film;
 - an indoor sporting event;
 - a boxing or wrestling entertainment;
 - a performance of live music;
 - any playing of recorded music;
 - a performance of dance; and
 - entertainment of a similar description to a performance of live music, any playing of recorded music or a performance of dance.
- 16.3 To be licensable, one or more of these activities needs to be provided for the purpose (at least partly) of entertaining an audience; has to be held on premises made available for the purpose of enabling that activity; and must also either:
- take place in the presence of a public audience, or
 - where that activity takes place in private, be the subject of a charge made with a view to profit.
- 16.4 Guidance around what constitutes audiences and private events is at paragraphs 16.11-16.14.

Overview of circumstances in which entertainment activities are not licensable

- 16.5 There are a number of exemptions that mean that a licence (or other authorisation¹⁸) under the 2003 Act is not required. This Guidance cannot give examples of every eventuality or possible entertainment activity that is not licensable. However, the following activities are examples of entertainment which are not licensable:
- activities which involve participation as acts of worship in a religious context;
 - activities in places of public religious worship;
 - education – teaching students to perform music or to dance;
 - the demonstration of a product – for example, a guitar – in a music shop;
 - the rehearsal of a play or performance of music for a private audience where no charge is made with a view to making a profit;

¹⁸ The word 'licence' is typically used as a reference to all forms of authorisation

- Morris dancing (or similar)¹⁹;
- Incidental music – the performance of live music or the playing of recorded music if it is incidental to some other activity²⁰;
- Incidental film – an exhibition of moving pictures if it is incidental to some other activity²¹;
- A spontaneous performance of music, singing or dancing;
- Garden fetes – or similar if not being promoted or held for purposes of private gain;
- Films for advertisement, information, education or in museums or art galleries;
- Television or radio broadcasts – as long as the programme is live and simultaneous;
- Vehicles in motion – at a time when the vehicle is not permanently or temporarily parked;
- Games played in pubs, youth clubs etc. (e.g. pool, darts and table tennis);
- Stand-up comedy; and
- Provision of entertainment facilities (e.g. dance floors)²².

16.6 As a result of deregulatory changes that have amended the 2003 Act²³, no licence is required for the following activities:

- Plays: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500.
- Dance: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500²⁴.
- Films: no licence is required for 'not-for-profit' film exhibition held in community premises between 08.00 and 23.00 on any day provided that the audience does not exceed 500 and the organiser (a) gets consent to the screening from a person who is responsible for the premises; and (b) ensures that each such screening abides by age classification ratings.
- Indoor sporting events: no licence is required for an event between 08.00 and 23.00 on any day, provided that those present do not exceed 1000.
- Boxing or wrestling entertainment: no licence is required for a contest, exhibition or display of Greco-Roman wrestling, or freestyle wrestling between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000.
- Live music: no licence permission is required for:
 - a performance of unamplified live music between 08.00 and 23.00 on any day, on any premises.
 - a performance of amplified live music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises,

¹⁹ Including any live music or playing of recorded music as an integral part of a performance of Morris dancing, or similar activity.

²⁰ See paragraphs 16.57-16.61

²¹ See paragraphs 16.65-16.68

²² This was previously licensable under the 2003 Act until the commencement of the Live Music Act 2012.

²³ The Live Music Act 2012 ("2012 Act") <http://www.legislation.gov.uk/ukpga/2012/2>; Licensing Act 2003 (Descriptions of Entertainment) (Amendment) Order 2013 ("2013 Order") <http://www.legislation.gov.uk/uksi/2013/1578/contents/made>; The Legislative Reform (Entertainment Licensing) Order 2014 ("2014 Order") <http://www.legislation.gov.uk/uksi/2014/3253/introduction/made>; and the Deregulation Act 2015 ("2015 Act").

²⁴ But see paragraphs 16.47 -16.48 in relation to dance that is adult entertainment and remains licensable.

activities for which a licence is required (e.g. the sale or supply of alcohol for consumption on the premises), conditions included in a licence may nevertheless apply to the non-licensable activities in the circumstances set out in paragraphs 16.52 and 16.53 (conditions relating to other non-licensable activities).

- 16.47 Dance that is sufficiently sexual in nature continues to be regulated. Performances of dance which are “relevant entertainment” within the meaning of the Local Government (Miscellaneous Provisions) Act 1982 (“the 1982 Act”) are not deregulated, regardless of the size of the audience or the time of day. “Relevant entertainment” is defined in the 1982 Act as a live performance or live display of nudity that, ignoring financial gain, can be assumed to be provided solely or principally for the purpose of sexually stimulating any member of the audience.⁷⁰
- 16.48 In almost all cases where a performance of dance is potentially licensable as both the provision of **relevant** entertainment (under the 1982 Act) and **regulated** entertainment (under the 2003 Act), the 1982 Act disapplies the entertainment licensing regime in the 2003 Act in favour of its stricter regime for the control of sex establishments. However, an authorisation under the 2003 Act rather than the 1982 Act will continue to be required where:
- the premises are not licensed as a sex entertainment venue under the 1982 Act, and
 - relevant entertainment has been provided at those premises on no more than 11 occasions in any 12 month period, with none of those occasions lasting longer than 24 hours or taking place within a month of any other such occasion.

Boxing or wrestling entertainment and conditions relating to combined fighting sports

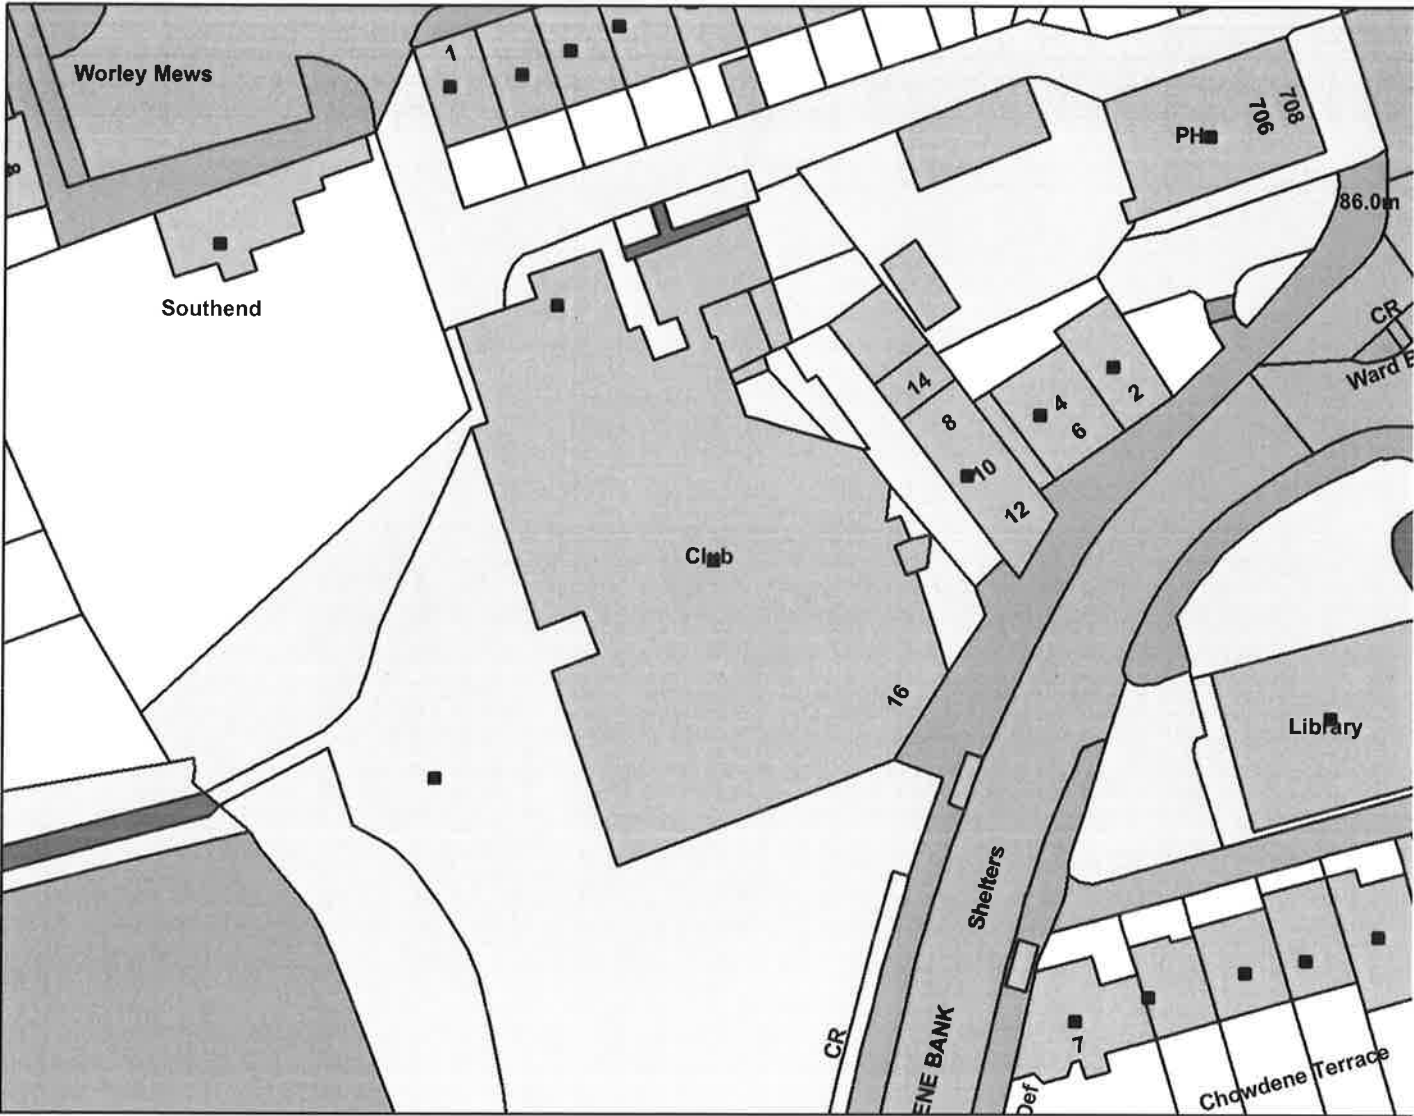

- 16.49 An indoor boxing or wrestling entertainment cannot also be an indoor sporting event, and any contest, exhibition or display that combines boxing or wrestling with one or more martial arts (‘combined fighting sports’) is – whether indoors or not – a boxing or wrestling entertainment.
- 16.50 Where a premises licence or club premises certificate purports to authorise a boxing or wrestling entertainment or combined fighting sports as an ‘indoor sporting event’, the 2013 Order provides that the authorisation will be treated as having authorised those activities as a boxing or wrestling entertainment. Those activities will continue to be subject to any relevant conditions attached to that authorisation.
- 16.51 A contest, exhibition or display of Greco-Roman wrestling, or of freestyle wrestling, between two participants (regardless of their sex) does not require a licence provided that certain qualifying conditions are met. They are that:
- it takes place in the presence of no more than 1,000 spectators;
 - it takes place between 08.00 and 23.00 on the same day; and
 - it take place wholly inside a building and the spectators present at that entertainment are accommodated wholly inside that building.
