Please state the ground(s) for representation (please read guidance note 1)

This representation is made in my capacity as Director of Public Health for the Borough of Gateshead. As a responsible authority I am concerned that the requested extension to the hours of alcohol sales are not in accordance with the promotion of the licensing objectives.

Since 2013 Directors of Public Health have been 'responsible authorities' under the Licensing Act 2003. The role of the Director of Public Health is to help promote the health and wellbeing of the local populations they serve. The Public Health approach to alcohol is to encourage and promote responsible drinking and protect young people from related harm. This is an expansive remit that influences a wide range of circumstances, including local licensing arrangements. Similarly the licensing regime is concerned with the promotion of the licensing objectives, which collectively seek to protect the quality of life for those who live, and work in the vicinity of licensed premises, and those who socialise in licensed premises.

International evidence suggests that making it less easy to buy alcohol, by reducing the number of outlets selling it in a given area and the days and hours when it can be sold, is an effective way of reducing alcohol-related harm (NICE, PH24). Control policies in this area (regulating availability) reflect the theory that if alcohol is less easy to obtain, alcohol consumption and harm will decrease (Public Health England, 2016).

Rising consumption has been attributed to the increased affordability, availability and promotion of alcohol, along with a greater social acceptance of regular drinking and a tolerance of drunkenness. Increased availability of alcohol has come about through the progressive relaxation of the licensing regime. The contributory role that alcohol plays in a wide range of adverse social consequences is also increasingly recognised with links to crime, social disorder, fire fatalities, violence, domestic violence, child neglect and work-related problems. Poorer populations and communities experience a disproportionately greater level of alcohol-attributable harm (AFS and SHAAP, 2011).

My objection to this variation is supported by the growing knowledge of the role of alcohol in a wide range of acute and chronic disorders, and a greater understanding of its negative social impacts. Licensing is and always has been a whole population intervention which should be employed to protect our population from harm.

**Please state the ground(s) for representation** (please read guidance note 1)

The application falls within the Chowdene Ward of Gateshead. The Licensing Authority has been working closely with Council's Community Safety Team examining crime and anti-social behaviour in this particular area.

The premises in question has been licensed until 2300 to sell alcohol which is in line with the timings set out in the Licensing Policy. During this period crime in the Chowdene ward has risen, whilst on average crime across Gateshead had risen by 34% in Chowdene this figure is 39%.

Futhermore, the rate of recorded crime in this ward increased from 41.9 crimes per 1,000 residents between 20/05/2015 and 19/05/2016 to 58.2 crimes per 1,000 residents between 20/05/2016 and 19/05/2017.

The peak period for reports of crime is midnight to 0100.

Taking the above into account the Licensing Authority considers that making alcohol readily available in this locality with crime already increasing will undermine the Licensing Objective by failing to prevent crime and disorder. In addition by making alcohol available during the night disorder in the area which already causes public nuisance is likely to be exacerbated rather than prevented and as such the objective of the prevention of public nuisance will be undermined.

**Please provide as much information as possible to support the representation**
