Please state the ground(s) for review (please read guidance note 2)

The Environmental Health Service has concerns in relation to the licensing objective 'the Prevention of Public Nuisance'.

The Environmental Health Team has repeatedly received complaints of noise from Entertainment (live bands and other entertainment) at the Pelaw Inn for the last couple of years affecting nearby residents in their home. Despite initial informal discussions and correspondence with Graham Richardson (the DPS), including most recently in July 2017 the noise complaints have continued. Noise from entertainment at the pub has been regularly audible by the complainant in their property to the extent where the music is at times clearly recognisable. Recent noise monitoring by the Environmental Health Service including the installation of noise monitoring equipment in the complainants' home and further attendance by an officer at night has determined that the entertainment is clearly audible in the complainant's home.

Please provide as much information as possible to support the application (please read guidance note 3)

I am employed by Gateshead Council in the post of Environmental Health Officer in the Environmental Protection Team of Development & Public Protection.

I am authorised in writing to carry out duties on behalf of Gateshead Council in respect of the Environmental Protection Act 1990 in the borough of Gateshead.

Historically, the council has received sporadic complaints about noise from entertainment at the Pelaw Inn from households on King Street and Cartmel Park in 2006 and 2007.

More recently, in June 2016 complaints were received concerning noise from entertainment at the Pelaw Inn from 2 separate households on Cartmel Park. Following the installation of noise monitoring equipment in a resident's property, Cartmel Park over a weekend the officer dealing with the complaint, Amy Oxman (Technical Officer) was of the opinion that noise was clearly audible in the resident's property and mitigation was required by the Pelaw Inn to reduce the entertainment noise levels. Meetings were held with the Pelaw Inn Licence holder Graham Richardson, who agreed to reduce noise levels at the pub by not having a mic attached to band's drum kit, installation of air conditioning to prevent the need for opening of windows/doors, blocking up of a vent on the front of the property, installation of blinds to the windows (though any noise reduction from the blinds was not quantified) and monitoring of bands by staff externally. These measures appeared to reduce noise sufficiently, as by the end of October 2016 there were no further noise complaints.

Following this complaint, an email was received in July 2017 expressing further concerns about elevated noise levels. I was on holiday during this time and my colleague Lisa Bainbridge (Environmental Health Officer) arranged with Rebecca Sparrow (Licensing Officer) to meet with the Designated Premises Supervisor, Mr Graham Richardson at the Civic Centre on the 26th July 2017.

During the meeting Mr Richardson advised 'a lot of responsibility (99%) is put on bar staff Gemma Llewellyn who works over the weekend shift'. He said that Gemma normally does this during the sound check at 20:50 - 21:00 and again at 21:45. He said 'she goes across the road and monitors the noise, if it's too noisy she tells the band to turn down the volume. She writes this down.' Mr Richardson advised they have invested in a noise meter, however are unable to tell me what decibels they are looking for. As such it was agreed that the best option is to listen to any music noise and determine action rather than use a noise meter.

Further incidents of loud bass/drums emanating from the Pelaw Inn were reported as being audible in the complainants property on the 4th and 31st August 2017, the 4th, the 23rd and 29th September 2017, the 7th, 8th, and 14th October 2017. I installed noise equipment in the complainant's home over the weekend of the 23rd and 24th September 2017 that demonstrated entertainment noise was clearly audible in the residents living room and some tracks were recognisable. Further to this, I visited the complainant's property on the 21st October 2017 and witnessed clearly audible bass beat in the complainant's living room between 9:15pm and 11:20pm above that of the television.

I am concerned that Graham Richardson (the Premises Licence Holder and DPS) has not adequately addressed the promotion of the licensing objective of prevention of public nuisance and has been warned informally on a number of occasions in the last 2 years of the concerns around noise from entertainment.

*In addition I would draw your attention to paragraphs 7.8 to 7.11 within Gateshead Council's Statement of Licensing Policy.
