Proposal:	Construction of annexe to existing single storey primary school to include 7 No classrooms, 2 No D and T classrooms, Assembly/Dining/PE Hall, staff facilities, management office, roof top external play area (amended plans and additional information received 06/12/17).
Ward:	Bridges
Recommendation:	Grant Permission
Application Type	Full Application

Reason for Minor Update

Further representations made

A 19 signature petition has been received. The concern is that the proposal will have a harmful effect on the amenities of residents.

An objector, whose objection is recorded on the main agenda, has submitted a plan that redesigns the scheme as submitted that provides three storey additional classroom accommodation on the southern boundary of the site. This is not the scheme under consideration and has therefore not been assessed, however, the Council is aware of a main sewer in this area which prevented implementation of the scheme approved DC/14/01151/FUL in 2015.

SEE MAIN AGENDA FOR OFFICERS REPORT.
