DC/18/00368/FUL  
Blaydon Leisure and Primary Care Centre  
Shibdon Road  
Blaydon  
NE21 5NW

**Applicant:**

GO Gateshead Sports and Leisure

**Proposal:**

Refurbishment of existing external Artificial Grass Pitch (AGP) and athletics track complete with new artificial surfaces, replacement of associated athletics features, new and replacement floodlights, new ball stop fencing, new sports equipment, new maintenance equipment with storage and improved clean access (additional information received 25/07/18 and 17/08/18 and description amended 07/09/18).

**Declarations of Interest:**

**Name**

None

**Nature of Interest**

**List of speakers and details of any additional information submitted:**

None.

**Decision(s) and any conditions attached:**

**Reason for Minor Update**

**Further consultation response received**

A further consultation response has been received from Sport England, commenting on amended plans. Whilst Sport England's initial statutory response (of not objection) is unaffected by the amended plans, they question the adequacy of lighting of the eastern straight of the athletics track and recommend either providing the lux levels recommended in Sport England guidance or relocating athletics features to the side of the pitch where higher lux levels would be more likely to be achieved.

The proposed lighting would be an improvement on the existing floodlights and Condition 3 is recommended in the main report to be imposed to require final details of the lighting bollard/columns on the eastern side, which would be directed lighting in this location and would contribute to further betterment of the existing lighting arrangement. In any event, the use of the facility for specific activities and the requirement to comply with guidance/legislation outside of planning are not material planning considerations.

**Any additional comments on application/decision:**

That permission be GRANTED subject to the following condition(s) and that the Strategic Director of Communities and Environment be authorised to add, vary and amend the planning conditions as necessary:

- 1) Unless otherwise required by condition the development shall be carried out in complete accordance with the approved plans as detailed below –

SS2326 01 rev 1  
SS2326 02 rev 1  
SS2326 03 rev 3 (received 31.08.2018)  
SS2326 04 rev 3 (received 31.08.2018)  
SS2326 05 rev 1  
SS2326 06 rev 1  
SS2326 07 rev 3 (received 31.08.2018)

Any material change to the approved plans will require a formal planning application to vary this condition and any non-material change to the plans will require the submission of details and the agreement in writing by the Local Planning Authority prior to any non-material change being made

- 2) The development to which this permission relates must be commenced not later than 3 years from the date of this permission.
- 3) The lighting bollards/columns and shot put feature shall not be respectively installed until final details of the appearance of these elements have been submitted to and approved in writing by the Local Planning Authority.
- 4) The lighting bollards/columns and shot put feature shall be implemented in full accordance with the Respective details approved under Condition 3.

The Perimeter ball stop fencing and a pitch perimeter barrier shall be finished to polyester powder coated RAL6005 Dark Green (unless otherwise is approved in advance and in writing by the Local Planning Authority).

The athletics track shall be polymeric specialist sports surfacing and coloured terracotta red.

The storage building shall be finished dark green with polyester powder coating.

The hardstanding shall be grey/black coloured porous asphalt.

- 5) The development (including the lighting bollards/columns approved under condition 3) shall be Implemented in full accordance with the recommendations of section 5 of the submitted Ecological Appraisal by RPS dated July 2018 and shall not exceed the spillage and lux levels in the Blaydon Leisure Centre lighting report (project code SSL2326) dated 14/08/2018.
- 6) Construction vehicles shall not be brought on site until the final details of the location and extent of:
- vehicular access
  - the construction compound area; and
  - protective fencing

have been submitted to and approved in writing by the Local Planning Authority.

- 7) The details approved under Condition 6 shall be implemented before construction vehicles are brought

on site and maintained and retained in full accordance with the approved details until final completion of the development.

- 8) Development relating to new/replacement surfaces shall not commence until final details of a drainage feature, avoiding water draining into the SSSI, and including timescales for implementation, have been submitted to and approved in writing by the Local Planning Authority.
- 9) The details approved under condition 8 shall be implemented in accordance with the approved timescales and retained in accordance with the approved details for the lifetime of the development.

**Date of Committee: 19 September 2018**

**Application Number and Address:**

DC/18/00512/FUL  
Meynell House  
Dipwood Road  
Rowlands Gill  
NE39 1DA

**Applicant:**

Ms Irene Carmichael

**Proposal:**

Demolition of existing detached garage and shed buildings and erection of 5-bedroom detached house in garden of dwellinghouse with new vehicular and pedestrian access onto Derwent Avenue (description amended 14 June 2018).

**Declarations of Interest:**

**Name**

**Nature of Interest**

None

**List of speakers and details of any additional information submitted:**

**Reason for Minor Update**

**Further representations made**

The agent has written in providing further representations following the Committee Site Visit as briefly summarised below.

**Cedar Tree**

The applicant is willing to accept a condition applied to the tree and to detail the foundation design of the adjacent single storey part of the proposed house. The agent has also stated that it is a shame that the tree issue was raised later in the planning process.

Council officers accept that a condition could be used relating to the tree and foundation design. Council officers however do not consider that this addresses the issue that the proposed Development is likely to have a detrimental impact on the health, form and function of the tree. Council officers are also of the opinion that the proposed development is likely to result in post development resentment from future occupiers of the house as the tree will block light to habitable rooms and the garden. These concerns are already outlined in section 5.18 – 5.22 of the committee report.

Council officers disagree that the tree issued was raised late in the planning process.

**The Poplars 2008 Appeal Decision**

The agent has stated that this appeal decision to grant approval was not as discussed influenced by any 1939 boundary but was determined on the basis of the site as it existed in 2008. Council officers are of the

opinion that the Planning Inspector did acknowledge that the proposal would respect the historic plot layout in the appeal decision.

**Decision(s) and any conditions attached:**

That permission be REFUSED for the following reason(s) and that the Strategic Director of Communities and Environment be authorised to add, vary and amend the refusal reasons as necessary:

1. The sub-division of the existing garden and the construction of a new house would result in substantial harm to the significance of the Rowlands Gill Conservation Area, that would not be outweighed by substantive public benefits, contrary to the aims and objectives of the National Planning Policy Framework, saved policy ENV10 of the Unitary Development Plan and Policy CS15 of the Core Strategy and Urban Core Plan.
2. The proposed development due to the position of the proposed house will have a negative impact on one very high value tree (tree T12 the Atlantic Cedar) in terms of compromising its health and the form of the tree, contrary to the aims and objectives of the National Planning Policy Framework, saved policy ENV44 of the Unitary Development Plan and policy CS18 of the Core Strategy and Urban Core Plan.

**Any additional comments on application/decision:**

None

**Date of Committee: 19 September 2018**

**Application Number and Address:**

DC/18/00542/HHA  
6 Coalway Lane  
Whickham

Sharon Stuart spoke against the application

Mr R Hussain (applicant) spoke in favour of the application

**Decision(s) and any conditions attached:**

The Committee agreed to overturn the officer recommendation and REFUSE the application for the following reason(s):

1. The proposal would not provide adequate space to meet the needs of residents. The proposal would be contrary to the aims and requirements of policy CS11 of the CSUCP and the NPPF
2. The proposal would not provide adequate parking provision for residents and it is considered that the parking demand created by the proposal could not be adequately accommodated in the surrounding area. The proposal would be contrary to the aims and requirements of policy CS13 of the CSUCP and the NPPF.
3. The proposal would not provide adequately safe access arrangements for future residents, particularly in relation to access are the rear of the building, and would not maintain the wellbeing of future residents to an acceptable level. The proposal would be contrary to the aims and requirements of saved policy DC2 of the UDP, policy CS14 of the CSUCP and the NPPF.

**List of speakers and details of any additional information submitted:**

Mr Peter Ferguson spoke against the application

Adderstone Developments Ltd spoke in favour of the application.

**Reason for Minor Update**

Further representations made:

A sixth representation has been received. The objector states that the proposal is over-development, the area was intended as open space and the comings and goings would harm their living conditions. These issues have been considered in the main report.

The objector also states that the relocation of parking spaces in the underground car park is unworkable. The applicant has supplied plans showing a theoretical layout to mitigate the loss of the 8 parking spaces however the rearrangement of the car park does not form part of this application.

Although the objector states they were not aware of the development proposal, the application has been advertised in full accordance with the Article 15 of the Town and Country Planning (Development Management Procedure) Order 2015 (as amended) through site notice, newspaper notification and neighbour letters.

**Decision(s) and any conditions attached:**

That permission be GRANTED subject to the following condition(s) and that the Strategic Director of Communities and Environment be authorised to add, delete, vary and amend the planning conditions as necessary:

1) The development to which this permission relates must be commenced not later than 3 years from the date of this permission.

2) The development shall be carried out in complete accordance with the approved plan(s) as detailed below:-

P-086/A-PL-01 dated June 2018  
P-86/A-PL-02/A dated 30.08.2018  
P-86/A-PL-03/A dated 05.07.2018  
P-086/A-PL-04/B dated 25.07.2018  
P-086/A-PL-04/C dated 30.08.2018  
P-86/A-PL-05/A dated 05.07.2018  
P-86/A-PL-07/B dated 25.07.2018  
P-86/A-PL-08/B dated 05.07.2018  
P-86/A-PL-0/B dated 25.07.2018

Any material change to the approved plans will require a formal planning application to vary this condition and any non-material change to the plans will required the submission of details and the agreement in writing by the Local Planning Authority prior to any non-material change being made.

3) No external materials for the development hereby approved shall be used on site until details and samples of all materials, colours and finishes to be used on all external surfaces of the building have been made available for inspection on site and are subsequently approved in writing by the Local Planning Authority.

4) The approved external materials shall be used on site in accordance with the details approved under condition 3.

5) Prior to the first occupation of the development hereby approved, full details of the method of illumination of the external areas of the site/adjacent piazza shall be submitted to and approved in writing by the Local Planning Authority.

The details shall include a diagram to demonstrate light spillage, the appearance and location of light fittings and their supporting structure(s), measures to control the times when the lights are illuminated.

6) The external lighting approved under condition 5 shall be implemented wholly in accordance with the approved details prior to first occupation of the development.

7) No development shall take place until a Construction Statement for measures to control the emission of noise, dust and dirt during construction has been submitted to, and approved in writing by, the Local Planning Authority.

8) The construction statement approved under condition 7 shall be adhered to throughout the construction period.

9) Prior to the first occupation of the development hereby approved, windows of the development facing towards the residential flats of Curzon Place shall be non-opening and glazed with obscured glass (to a level of obscurity to Pilkington level 3 or above or its technical equivalent by other manufacturers) shall be permanently retained in that condition thereafter.

10) Prior to the first occupation of the development hereby approved, the cycle parking facilities shown on plan P-086/A-PL-04/C dated 30.08.2018 and D10-compact-cycle-bike-bicycle-shelter1 received 03.09.2018 shall be implemented and thereafter permanently retained.

11) All works and ancillary operations in connection with the construction of the development, including the use of any equipment or deliveries to the site, shall be carried out only between the hours of 0800 to 1700 Mondays to Fridays, 0800 to 1300 on Saturdays and at no time on Sundays, Bank Holidays or Public Holidays.

12) In the event that contamination is found at any time when carrying out the approved development, it must be reported in writing immediately to the Local Planning Authority. Development must be halted on that part of the site affected by the unexpected contamination.

Where required by the Local Planning Authority, an investigation and risk assessment must be undertaken, and where remediation is necessary a remediation scheme shall be submitted to and approved in writing by the Local Planning Authority.

13) If required, following completion of measures identified in the approved remediation scheme under condition 12, a verification report shall be submitted to and approved in writing by the Local Planning Authority prior to the first occupation of the building hereby approved.

14) Notwithstanding the details submitted, prior to the installation of any ventilation equipment, full details of the ventilation and extraction system for the office development (and car park if necessary) shall be submitted to and approved in writing by the Local Planning Authority.

The submission shall include details of noise levels, a plan of the proposed ventilation system and the manufacturer's specification and recommendations concerning frequency and type of maintenance.

15) The ventilation equipment, approved under condition 14, shall be installed in accordance with the approved details, prior to the first occupation of the development and shall thereafter be operated and maintained in accordance with the approved details.
