4 Local Context	<p>Replace 4.1 - 4.5 with:</p> <p><u>Prevalence of Gambling and Gambling Harm in Gateshead</u></p> <p>4.1 No local data is currently available on the prevalence of gambling in Gateshead. However, there is national data. This suggests 63% of adults (aged 16+) had gambled in the previous year, or 45% if we exclude the National Lottery – this is equivalent to 75,400 people.</p> <p>The great majority of these will be non-problem or low-risk gamblers, but a small proportion will be at moderate risk or be problem gamblers. Nationally, it is estimated less than 1% of the population is a problem gambler, and this equates to just over 1000 people locally, most of whom (more than 90%) will be men.</p>

	<p>Factors associated with problem gambling include:</p> <ul style="list-style-type: none"> • being male • being from Black/Black British, Asian/Asian British or other non-White backgrounds • having low mental wellbeing • having ever had high blood pressure. <p>4.2 Gateshead Council acknowledges that problem gamblers are more likely than other people to experience the following harms:</p> <ul style="list-style-type: none"> • financial harms: overdue utility bills; borrowing from family friends and loan sharks; debts; pawning or selling possessions; eviction or repossession; defaults; committing illegal acts like fraud, theft, embezzlement to finance gambling; bankruptcy etc • family harms: preoccupied with gambling so normal family life becomes difficult; increased arguments over money and debts; emotional and physical abuse, neglect and violence towards spouse /partner and/or children; relationship problems and separation/divorce • health harms: low self esteem; stress-related disorders; anxious, worried or mood swings; poor sleep and appetite; substance misuse; depression, suicidal ideas and attempts; etc • school/college/work harms: poor school, college or work performance; increased absenteeism; expulsion dismissal <p>4.3 Gateshead Council is committed to developing an improved understanding of the prevalence of gambling and gambling harm in the borough so that applicants, licensees and Members of the Licensing Committee have access to the best information available. The outcome of research projects and best practice from across the UK will be considered as it becomes available and adopted as a means of gathering and presenting relevant data where appropriate.</p> <p><u>Local Licensing Guidance</u></p> <p>4.4 In addition to having an understanding of the prevalence of gambling and gambling harm in Gateshead, it is important for applicants and licensees to have an understanding of the different localities within the Borough, their different characters and challenges, both of which can change over time depending on a range of factors. From time to time the Council may therefore publish and update local licensing guidance documents on its website. The Council will draw on the expertise and knowledge of all those who can contribute to the development of this guidance.</p>

	<p>4.5 This guidance will seek to include a wide range of information that is relevant to those who seek to and currently carry on licensable activities within an area, for instance –</p> <ul style="list-style-type: none"> • the physical environment (including the proximity of sensitive premises) • existing licensed premises • relevant health data • crime and/or disorder hotspots • known areas of congregation • local initiatives • local concerns about the promotion of the licensing objectives (including from Ward Members, community leaders, GPs, schools, etc) <p>4.6 The local licensing guidance will be presented to the Council's Licensing Committee from time to time.</p> <p>4.7 The Council will expect that applicants and licensees have regard to the local licensing guidance when considering their activities and any appropriate control measures.</p> <p>These changes are to reflect the fact there are some difficulties in understanding the prevalence of gambling and gambling harm in a particular area but commits the Council to making every effort to obtain relevant data.</p> <p>The changes also reflect the need for information to be gathered and shared about localities which should be taken into account by those seeking to carry out and those who currently carry out gambling activities in the borough.</p> <p><u>Local Risk Assessments</u></p> <p>Remove 'From 6 April 2016' as the requirement for local risk assessments is well embedded now.</p> <p><u>Gateshead Community Safety Board</u></p> <p>Replace</p> <p>Licensees are expected to have regard to any such initiatives from time to time</p> <p>with</p> <p>The Community Safety Board will engage with those carrying out gambling activities where any such issues arise.</p> <p>This change is to reflect the way that the Community Safety Board will engage with gambling operators where necessary.</p>
