

Quarterly Reporting Template - Guidance

Notes for Completion

The data collection template requires the Health & Wellbeing Board to track through the high level metrics and deliverables from the Health & Wellbeing Board Better Care Fund plan.

The completed return will require sign off by the Health & Wellbeing Board.

A completed return must be submitted to the Better Care Support Team inbox (england.bettercaresupport@nhs.net) by midday on 28th August 2015

This Excel data collection template for Q1 2015-16 focuses on budget arrangements, the national conditions, payment for performance, income and expenditure to and from the fund, and performance on local metrics. It also presents an opportunity for Health and Wellbeing Boards to register interest in support. Details on future data collection requirements and mechanisms will be announced ahead of the Q2 2015/16 data collection.

To accompany the quarterly data collection Health & Wellbeing Boards are required to provide a written narrative into the final tab to contextualise the information provided in this report and build on comments included elsewhere in the submission. This should include an explanation of any material variances against planned performance trajectories as part of a wider overview of progress with the delivery of plans for better care.

Content

The data collection template consists of 9 sheets:

Validations - This contains a matrix of responses to questions within the data collection template.

- 1) **Cover Sheet** - this includes basic details and tracks question completion.
- 2) **Budget arrangements** - this tracks whether Section 75 agreements are in place for pooling funds.
- 3) **National Conditions** - checklist against the national conditions as set out in the Spending Review.
- 4) **Non-Elective and Payment for Performance** - this tracks performance against NEL ambitions and associated P4P payments.
- 5) **Income and Expenditure** - this tracks income into, and expenditure from, pooled budgets over the course of the year.
- 6) **Local metrics** - this tracks performance against the locally set metric and locally defined patient experience metric in BCF plans.
- 7) **Understanding support needs** - this asks what the key barrier to integration is locally and what support might be required.
- 8) **Narrative** - this allows space for the description of overall progress on plan delivery and performance against key indicators.

Validations

This sheet contains all the validations for each question in the relevant sections.

All validations have been coloured so that if a value does not pass the validation criteria the cell will be Red and contain the word "No" and if they pass validation they will be coloured Green and contain the word "Yes".

1) Cover Sheet

On the cover sheet please enter the following information:

The Health and Well Being Board

Who has completed the report, email and contact number in case any queries arise

Please detail who has signed off the report on behalf of the Health and Well Being Board.

Question completion tracks the number of questions that have been completed, when all the questions in each section of the template have been completed the cell will turn green. Only when all 8 cells are green should the template be sent to england.bettercaresupport@nhs.net

2) Budget Arrangements

This plays back to you your response to the question regarding Section 75 agreements from the 2014-15 Q4 submission and requires 2 questions to be answered. Please answer as at the time of completion. If you answered 'Yes' previously you can selection 'Not Applicable' this time.

If your previous submission stated that the funds had not been pooled via a Section 75 agreement, can you now confirm that they have?

If the answer to the above is 'No' please indicate when this will happen

3) National Conditions

This section requires the Health & Wellbeing Board to confirm whether the six national conditions detailed in the Better Care Fund Planning Guidance are still on track to be

It sets out the six conditions and requires the Health & Wellbeing Board to confirm 'Yes', 'No' and 'No - In Progress' that these are on track. If 'No' or 'No - In Progress' is selected please provide a target date when you expect the condition to be met. Please detail in the comments box what the issues are and the actions that are being taken to meet the condition.

'No - In Progress' should be used when a condition has not been fully met but work is underway to achieve it by 31 March 2016.

Full details of the conditions are detailed at the bottom of the page.

4) Non-Elective and Payment for Performance

This section tracks performance against NEL ambitions and associated P4P payments. The latest figures for planned activity and costs are provided along with a calculation of the payment for performance payment that should have been made for Q4. Three figures are required and one question needs to be answered:

Input actual Q1 2015-16 Non-Elective performance (i.e. number of NELs for that period) - Cell L12

Input actual value of P4P payment agreed locally - Cell D23

If the actual payment locally agreed is different from the quarterly payment taken from above please explain in the comments box

Input actual value of unreleased funds agreed locally

This section also requires indication of the area of spend that unreleased funds have been spent on for Q4 and Q1 using a drop-down list. If no funds were left unreleased then 'Not Applicable' should be selected.

5) Income and Expenditure

This tracks income into, and expenditure from, pooled budgets over the course of the year. This requires provision of the following information:

Planned and forecast income into the pooled fund for each quarter of the 2015-16 financial year

Confirmation of actual income into the pooled fund in Q1

Planned and forecast expenditure from the pooled fund for each quarter of the 2015-16 financial year

Confirmation of actual expenditure into the pooled fund in Q1

Figures should reflect the position by the end of each quarter. It is expected that planned income and planned expenditure figures for Q4 2015-16 should equal the total pooled budget for the Health and Wellbeing Board.

There is also an opportunity to provide a commentary on progress which should include reference to any deviation from plan.

6) Local metrics

This tab tracks performance against the locally set metric and locally defined patient experience metric submitted in approved BCF plans. In both cases the metric is set out as defined in the approved plan for the HWB and **the following information is required for each metric:**

Confirmation that this is the same metric that you wish to continue tracking locally

Confirmation of planned performance for each quarter of 2015-16 (against the metric being tracked locally - whether the same as within your plan or not)

Confirmation of actual performance for Q1 2015-16 (against the metric being tracked locally - whether the same as within your plan or not)

Commentary on progress against the metric and details of any changes to the metric including reference to reasons for changing

7) Understanding Support Needs

This asks what the key barrier to integration is locally and what support might be required in delivering the six key aspects of integration set out previously. This section builds upon the information collected through the BCF Readiness Survey in March 2015. HWBs are asked to:

Confirm which aspect of integration they consider the biggest barrier or challenge to delivering their BCF plan

Confirm against each of the six themes whether they would welcome any support and if so what form they would prefer support to take

There is also an opportunity to provide comments and detail any other support needs you may have which the Better Care Support Team may be able to help with.

8) Narrative

In this section HWBs are asked to provide a brief narrative on overall progress in delivering their Better Care Fund plans at the current point in time with reference to the information provided within this return.

Q1 2015/16

National Conditions

The Spending Round established six national conditions for access to the Fund. Please confirm by selecting 'Yes', 'No' or 'No - In Progress' against the relevant condition as to whether these are on track as per your final BCF plan. Further details on the conditions are specified below. If 'No' or 'No - In Progress' is selected for any of the conditions please include a date and a comment in the box to the right.

Condition	Please Select (Yes, No or No - In Progress)	If the answer is "No" or "No - In Progress" please enter estimated date when condition will be met if not already in place (DD/MM/YYYY)	Comment
1) Are the plans still jointly agreed?	Yes		
2) Are Social Care Services (not spending) being protected?	Yes		
3) Are the 7 day services to support patients being discharged and prevent unnecessary admission at weekends in place and delivering?	Yes		Ongoing work - highlighted within our 11 schemes - specifically schemes such as our rapid domiciliary support, supported discharge, Intermediate Care Beds. As well as wider work around Prime Minister Challenge and National Care Home Vanguard.
4) In respect of data sharing - confirm that:			
i) Is the NHS Number being used as the primary identifier for health and care services?	Yes		
ii) Are you pursuing open APIs (i.e. systems that speak to each other)?	Yes		Included in specifications for new systems and existing suppliers notified
iii) Are the appropriate Information Governance controls in place for information sharing in line with Caldicott 2?	Yes		
5) Is a joint approach to assessments and care planning taking place and where funding is being used for integrated packages of care, is there an accountable professional?	Yes		Discussions are taking place between the CCG and LA to explore opportunities to collaborate on developing joint health and social care assessments for adults. The CCG are arranging subgroups reporting to the Transforming Care Strategic Group, where joint initiatives will be agreed and reported upon.
6) Is an agreement on the consequential impact of changes in the acute sector in place?	Yes		Ongoing discussions are happening via SRG around non-elective activity and potential for service redesign in out-of-hospital pathways.

National conditions - Guidance

The Spending Round established six national conditions for access to the Fund:

1) Plans to be jointly agreed

The Better Care Fund Plan, covering a minimum of the pooled fund specified in the Spending Round, and potentially extending to the totality of the health and care spend in the Health and Wellbeing Board area, should be signed off by the Health and Wellbeing Board itself, and by the constituent Councils and Clinical Commissioning Groups. In agreeing the plan, CCGs and councils should engage with all providers likely to be affected by the use of the fund in order to achieve the best outcomes for local people. They should develop a shared view of the future shape of services. This should include an assessment of future capacity and workforce requirements across the system. The implications for local providers should be set out clearly for Health and Wellbeing Boards so that their agreement for the deployment of the fund includes recognition of the service change consequences.

2) Protection for social care services (not spending)

Local areas must include an explanation of how local adult social care services will be protected within their plans. The definition of protecting services is to be agreed locally. It should be consistent with 2012 Department of Health guidance to NHS England on the funding transfer from the NHS to social care in 2013/14: https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/213223/Funding-transfer-from-the-NHS-to-social-care-in-2013-14.pdf

3) As part of agreed local plans, 7-day services in health and social care to support patients being discharged and prevent unnecessary admissions at weekends

Local areas are asked to confirm how their plans will provide 7-day services to support patients being discharged and prevent unnecessary admissions at weekends. If they are not able to provide such plans, they must explain why. There will not be a nationally defined level of 7-day services to be provided. This will be for local determination and agreement. There is clear evidence that many patients are not discharged from hospital at weekends when they are clinically fit to be discharged because the supporting services are not available to facilitate it. The recent national review of urgent and emergency care sponsored by Sir Bruce Keogh for NHS England provided guidance on establishing effective 7-day services within existing resources.

4) Better data sharing between health and social care, based on the NHS number

The safe, secure sharing of data in the best interests of people who use care and support is essential to the provision of safe, seamless care. The use of the NHS number as a primary identifier is an important element of this, as is progress towards systems and processes that allow the safe and timely sharing of information. It is also vital that the right cultures, behaviours and leadership are demonstrated locally, fostering a culture of secure, lawful and appropriate sharing of data to support better care.

Local areas should:

- confirm that they are using the NHS Number as the primary identifier for health and care services, and if they are not, when they plan to;
 - confirm that they are pursuing open APIs (i.e. systems that speak to each other); and
 - ensure they have the appropriate Information Governance controls in place for information sharing in line with Caldicott 2, and if not, when they plan for it to be in place.
- NHS England has already produced guidance that relates to both of these areas. (It is recognised that progress on this issue will require the resolution of some Information Governance issues by DH).

5) Ensure a joint approach to assessments and care planning and ensure that, where funding is used for integrated packages of care, there will be an accountable professional

Local areas should identify which proportion of their population will be receiving case management and a lead accountable professional, and which proportions will be receiving self-management help - following the principles of person-centred care planning. Dementia services will be a particularly important priority for better integrated health and social care services, supported by accountable professionals. The Government has set out an ambition in the Mandate that GPs should be accountable for co-ordinating patient-centred care for older people and those with complex needs.

6) Agreement on the consequential impact of changes in the acute sector

Local areas should identify, provider-by-provider, what the impact will be in their local area, including if the impact goes beyond the acute sector. Assurance will also be sought on public and patient and service user engagement in this planning, as well as plans for political buy-in. Ministers have indicated that, in line with the Mandate requirements on achieving parity of esteem for mental health, plans must not have a negative impact on the level and quality of mental health services.

Plan, forecast, and actual figures for total income into, and total expenditure from, the fund for each quarter to year end (in both cases the year-end figures should equal the total pooled fund)

Selected Health and Well Being Board:

Gateshead

Income

		Q1 2015/16	Q2 2015/16	Q3 2015/16	Q4 2015/16	Total Yearly Plan	Pooled Fund
Please provide , plan , forecast, and actual of total income into the fund for each quarter to year end (the year figures should equal the total pooled fund)	Plan	£4,303,500	£4,303,500	£4,303,500	£4,303,500	£17,214,000	£17,214,000
	Forecast	£4,303,500	£4,303,500	£4,303,500	£4,303,500		
	Actual*	£4,017,583					

Please comment if there is a difference between the total yearly plan and the pooled fund

Expenditure

		Q1 2015/16	Q2 2015/16	Q3 2015/16	Q4 2015/16	Total Yearly Plan	Pooled Fund
Please provide , plan , forecast, and actual of total expenditure from the fund for each quarter to year end (the year figures should equal the total pooled fund)	Plan	£4,303,500	£4,303,500	£4,303,500	£4,303,500	£17,214,000	£17,214,000
	Forecast	£4,303,500	£4,303,500	£4,303,500	£4,303,500		
	Actual*	£4,017,583					

Please comment if there is a difference between the total yearly plan and the pooled fund

Commentary on progress against financial plan: Actual expenditure figures show full expenditure against schemes less the value of the Performance fund for Q1, which was not released to the BCF pool due to the levels of Non Elective overperformance experienced year to date.

Footnote:

Actual figures should be based on the best available information held by Health and Wellbeing Boards.
Source: For the pooled fund which is pre-populated, the data is from a Q4 collection previously filled in by the HWB.

Local performance metric and local defined patient experience metric

Selected Health and Well Being Board:

Gateshead

Local performance metric as described in your approved BCF plan	Estimated diagnosis rate for people with dementia
---	---

Is this still the local performance metric that you wish to use to track the impact of your BCF plan?	Yes
---	-----

If the answer is no to the above question please give details of the local performance metric being used (max 750 characters)	
---	--

	Plan				Actual			
	Q4 14/15	Q1 15/16	Q2 15/16	Q3 15/16	Q4 14/15	Q1 15/16	Q2 15/16	Q3 15/16
Local performance metric plan and actual	67	68	68	69	68	69		

Please provide commentary on progress / changes:	Significant progress made in 2014/15 and the end of year trajectory was exceeded. Work continues into 2015/16 in general practice to validate dementia registers and current performance (68.6%) is close to the 2015/16 trajectory of 69%.
--	---

Local defined patient experience metric as described in your approved BCF plan	Patient/Service User Experience metric Improve the percentage of patients who responded " Yes Definitely" to the following question from the GP patient survey: "For respondents with a long-standing health condition: In the last 6 months, have you had enough support from local services or organisations to help you to manage your long-term health condition(s)? Please think about all services and organisations, not just health"
--	--

Is this still the local defined patient experience metric that you wish to use to track the impact of your BCF plan?	Yes
--	-----

If the answer is no to the above question please give details of the local defined patient experience metric now being used (max 750 characters)	
--	--

	Plan				Actual			
	Q4 14/15	Q1 15/16	Q2 15/16	Q3 15/16	Q4 14/15	Q1 15/16	Q2 15/16	Q3 15/16
Local defined patient experience metric plan and actual:	47	48	48	48	40	0		

Please provide commentary on progress / changes:	Data for Q1 2015/16 actual not available due to annual performance indicator. Performance has decreased in 14/15, LTCs and Mental health programme boards have a number of work streams that are tackling the care for people with LTCs with both physical and mental health components: in particular work around LTC prevalence across General Practice, Disease specific programmes of work to promote holistic care closer to home (e.g. cardiac and pulmonary rehabilitation) and Development of multi-morbidity clinics in Primary, Secondary and

For the local defined patient experience metric which is pre-populated, the data is from a local patient experience previously filled in by the HWB.

Support requests

Selected Health and Well Being Board:

Gateshead

Which area of integration do you see as the greatest challenge or barrier to the successful implementation of your Better Care plan (please select from dropdown)?

4. Aligning systems and sharing benefits and risks

Please use the below form to indicate whether you would welcome support with any particular area of integration, and what format that support might take.

Theme	Interested in support?	Preferred support medium	Comments - Please detail any other support needs you feel you have that you feel the Better Care Support Team may be able to help with.
1. Leading and Managing successful better care implementation	Yes	Central guidance or tools	A more streamlined approach towards the support offers around new models of care and the BCF e.g. national support offer on Vanguards and BCF resources website
2. Delivering excellent on the ground care centred around the individual	Yes	Case studies or examples of good practice	Further work /alignment with National Voices and PPI groups
3. Developing underpinning integrated datasets and information systems	Yes	Hands on technical or delivery support	National recommendations and support with technical guidance to support local system - advice from NIB
4. Aligning systems and sharing benefits and risks	Yes	Central guidance or tools	Exploring new payment models and 'draft contracts' outlined in the Vanguard National Support Offer to facilitate integration
5. Measuring success	Yes	Webinars or other remote learning opportunities	Evaluation framework would be useful that underpins the 6 National Outcomes around BCF - e.g proxy measures to analyse trends
6. Developing organisations to enable effective collaborative health and social care working relationships	Yes	Peers to peer learning / challenge opportunities	Leadership support and facilitate to allow collaborative redesign across systems (beyond organisations)

Narrative

Selected Health and Well Being Board:

Gateshead

Data Submission Period:

Q1 2015/16

Narrative

Remaining Characters

30,053

Please provide a brief narrative on overall progress in delivering your Better Care Fund plan at the current point in time with reference to the information provided within this return where appropriate.

In Gateshead, we are mindful that BCF is part of the bigger picture around transformational ongoing work around service integration, as outlined in our Better Care Fund Plan

Early successes include:

- engagement of staff, embedding new projects into existing services and their redesign.
- regular performance updates with Health and LA around service provision and stakeholders.
- joint approaches to consideration of commissioning for the future.

There are more detailed operational plans and progress updates for individual BCF schemes. These should be read in conjunction with work underway around:

- General Practice strategy
- Prime minister challenge
- Gateshead Care home vanguard

Non elective pressures in the system have continued through quarter 1. These are being reviewed and addressed as part of the BCF project management arrangements and in partnership with all stakeholders, but this relates to a containment of on going growth in local and national trends.

1. General Practice strategy

This co-produced strategy sets out the Newcastle Gateshead vision and 3 year plan to develop a high quality and sustainable model for General Practice. As part of our comprehensive programme to develop new models of care delivery across the health and care system it describes how the CCG will support practices to strengthen 'the pillars of General Practice'. This will not only enable us to fulfil our statutory responsibilities but also ensure we are well placed to co-design and commission integrated pathways of care that are firmly rooted in primary care.

2. Prime minister challenge – Gateshead

The bid to the Prime Minister's Challenge Fund, will provide over 800 additional appointments every week, as well as more home visits for the borough's most vulnerable patients, and will give patients more flexibility in the way they see GPs, value the continuity of care that they receive from their practice as well as meeting the increasing demand for home visits for more frail patients and people with complex conditions."
