								<p>Update 27.4.2022 Property has since been sold. New owner has submitted a planning application DC/22/00244/HHA. Some work started on the property which has resulted in building waste which has been left in the rear yard for several weeks now. Community Protection Warning has been issued, requiring removal of waste.</p> <p>Update 26.5.2022 Owners have been in contact and given assurances the waste will be cleared. Estimate this will be next week.</p> <p>Update 23.06.2022 waste in rear of property has been removed following Community protection warning and Community protection notice.</p> <p>The longstanding issue remains the external condition. Boarded up windows, damage to the roof of the front bay window, guttering etc.</p> <p>Planning application DC/22/00244/HHA - Proposed Part Two/Part Single Storey Rear Extension, Rear Dormer Window and Insertion of Roof Lights to the Front Roof Slope has been validated so it is anticipated that works to the property will commence soon after approval.</p> <p>Complaints had also been made about the condition of the hedge at the front of the property. 5.	High Spen Excelsior Social Club Ramsay Street Rowlands Gill NE39 2EL	Winlaton and High Spen	Untidy Land	10 th February 2020	10 th February 2020	13 th March 2020	13 th April 2020	<p>Complaints have been received regarding the condition of the building and land. A Notice has been issued pursuant to section 215 of the Town and Country Planning Act requiring the building to be demolished and all rubbish and debris removed from the site.</p> <p>The notice has been withdrawn. Officers are currently working with the owners to compile a schedule of repairs and dates for completion.</p> <p>A revised notice was re-served on the 4th August. The notice was not appealed. The site owners have until the 1st November to demolish the building and clear the land. Notice not complied with. A Demolition method statement is being prepared by construction services. Demolition isn't straight forward due to structural integrity of building and presence of asbestos containing materials. 02 March 2022 NEDL have disconnected the electrical supply to the building.</p> <p>Update 25.5.2022 from Simon Whitehead, Construction Services Manager: As with a lot of the major demolition projects, progress in the scheme development has been slowed down by significant public utility complexities, further compounded in terms of access by the presence of asbestos containing materials.</p> <p>The updates with the key items on the project are as follows;</p>

Item Number	Site	Ward	Alleged Breach of Planning Control	Date Approval given for Enforcement Action	Date Served	Date Notice comes into Force	End of Compliance Period	Current Status
								<p>Northern Powergrid (NPG); The order has been placed (and paid) for the disconnection.</p> <p>NPG initially agreed to make the initial visit via a Sub-Contractor, however once we informed them of the presence of visible damaged asbestos containing material debris, the Sub-Contractor declined the visit and passed the work back to NPG. We have since been in contact with NPG a number of times, we have received returned written comms that this job is allocated and booked in, but with no date given. We will, of course, continue to pursue NPG for dates.</p> <p>BT (Openreach); BT have a cluster of live cables attached to the building, but which are not serving the building, but piggy-backed onto Excelsior as a point of support / change in direction for their apparatus, using Excelsior as a mid-span point of support between cables further down the road in both directions.</p> <p>We will be meeting BT on site at a time to be determined by BT, to discuss disconnections and diversions of cables that serve the surrounding buildings. Once this meeting takes place, we will be in receipt of a BT quotation and in a place to raise an order for their works. We continue to pursue BT for dates.</p> <p>Gas / Water; The gas and water main supplies to Excelsior are already disconnected and made safe. We have correspondence from Northern Gas Networks advising such.</p> <p>Party Wall notices; As you will be aware there is some surrounding allotment land that abuts the boundary with Excelsior, we have tried to establish land ownership and written to those we think are owners with Party Wall notices. We are awaiting returns to this communication. We will be following up with additional comms in due course.</p> <p>We are frustrated, as we always are on complex demolition projects, that the expedience of the scheme development is always hindered by outside influences that we have no control over.</p> <p>Rest assured the design and specification work is ongoing in the background and will be ready to go to the Quantity Surveying department for tender activities as soon as all external bodies have completed works / signed notices / fulfilled their duties back to us.</p> <p>15.9.2022 – No further update</p>
