24.08.16 Submitted to The Gateshead Housing Company	13/16	Petition from residents of Ventnor Gardens	Petition complaining about the height of trees in neighbouring properties and asking for them to be cut back to a reasonable height.	Strategic Director, Communities and Environment/ The Gateshead Housing Company	The petition raised concerns about the large trees which belong to a private property. The land owner has requested a list of approved contractors in order to obtain estimates to carry out the works. The Council's Arboricultural Officer has provided a list of approved contractors and has requested a rough timetable for the works to be completed. The Cabinet member, ward councillors and the lead petitioner will be kept advised when a timetable is received.
15.12.17 Submitted to Councillor J Graham	19/16	Petition from residents of Greenside and surrounding area.	Petition against the closure of Greenside Doctors Surgery	Director of Public Health	The petition was submitted to NHS England, NHS Newcastle Gateshead CCG and Crawcrook Medical Centre for consideration. Both the petition and issues raised by the Council's Care,

within the report considered by the Primary Care Joint Committee on the future of the branch surgery. In reaching its decision, the Committee also considered the business case submitted by the practice, details of engagement undertaken on the proposals and issues raised during the engagement period. In light of the above, the Primary Care Joint Committee has agreed to the branch closure and the relocation of services to the main practice site. NHS England will be writing to the practice and will request that patients are notified accordingly. NHS England has also noted the request of OSC that steps are taken to ease the transition for patients affected by the closure of the branch surgery. In relation to the specific points raised within the petition, the following response has been provided: Concern for Greenside elderly and infirm patients Following a year's review of attendance at Greenside between 1 September 2015 and 31 August 2016, it was identified that there were only 8 patients over the age of 60 who used the branch surgery without having attended Crawcrook surgery and we will look at ways to mitigate the consequences for these patients. 	Lack of a Doctors Surgery in a 1,000 household village We are very disappointed not to be able to continue with the branch surgery. This is because from mid-January 2017, our GP resource has reduced by a total of 50% and we have been unable to recruit more GPs due to the current national shortage of GPs. This has made it impossible to sustain continued delivery of services over two sites. In order to reduce the risk for all of our patient population, we have to consolidate all of our services to the main surgery site. Concern over whether Crawcrook can take on extra capacity in light of the proposed new housing developments that are planned for the area We are confident we have the capacity in Crawcrook to accommodate growth. Concern over the perceived poor appointment system We agree the appointment system needs to be improved. This work is underway and is being developed and reviewed with our patient group, with a particular focus on the elderly as we know they are our most vulnerable group of patients. We will be reviewing home visits, telephone appointments and looking at new ways of supporting our patients to be seen by the appropriate member of the primary care team.
