Any additional comments on application/decision:

The Committee decided to grant permission subject to the following conditions:

1. Unless otherwise required by condition, the development shall be carried out in complete accordance with the approved plan(s) as detailed below:

Site Location Plan (received 04.10.2018)

WA-18-01

WA-18-02 rev A

WA-18-03

WA-18-04

WA-18-05

WA-18-06 rev A

WA-17-07 rev C

Any material change to the approved plans will require a formal planning application to vary this condition and any non-material change to the plans will require the submission of details and the agreement in writing by the Local Planning Authority prior to any non-material change being made.

2. The development to which this permission relates must be commenced not later than 3 years from the date of this permission.

3. The development hereby permitted shall be constructed entirely of the materials detailed and shown on plan number WA-18-04.

4. Notwithstanding the approved plans, the single storey extension hereby approved shall not be occupied until final details of part of the car park (between bays 27 and 28 as shown on WA-17-07 rev C) to be marked out to be kept clear for coach turning have been submitted to and approved in writing by the Local Planning Authority.

5. The details approved under condition 4 shall be implemented in full accordance with the approved details before the single storey extension hereby approved is occupied and retained as such for the lifetime of the development.

6. Notwithstanding the approved plans, the single storey extension hereby approved shall not be occupied until final details of secure and weatherproof cycle parking, including clarity over allocations of staff and customers, have been submitted to and approved in writing by the Local Planning Authority.

7. The details approved under condition 6 shall be implemented in full accordance with the approved details before the single storey extension hereby approved is occupied and retained as such for the lifetime of the development.

8. The development shall be implemented in full accordance with sections 3, 4 and 5 of the submitted Arboricultural Method Statement by All About Trees (dated 11.01.2019) at all times during construction and until final completion of the development.

The tree protection scheme shall be implemented in full accordance with plans AMS-TPP dated 11.01.2019, before external site works including demolition, soil stripping or movement, or bringing onto site of materials, supplies or machinery have commenced, and shall be retained on site at all times during construction and until final completion of the development

9. The single-storey extension hereby approved shall not be occupied until a fully detailed replacement landscaping scheme has been submitted to and approved in writing by the Local Planning Authority.

The landscaping scheme shall include details of all existing trees and hedges to be retained, ground preparation, planting plans noting the species, plant sizes, planting densities for all new planting, measures for management and maintenance, and timescales for implementation.

10. The details approved under condition 9 shall be implemented in accordance with the approved timescales and details.

The approved landscaping scheme shall be maintained in accordance with British Standard 4428 (1989) Code of Practice for General Landscape Operations for a period of 5 years commencing on the date of Practical Completion and during this period any trees or planting which die, become diseased or are removed shall be replaced in the first available planting seasons (October to March) with others of a similar size and species and any grass which fails to establish shall be re-established.

11. No breaking of ground associated with the development hereby approved shall commence until a report of intrusive site investigations in relation to coal mining legacy, and where required, measures and timescales for remediation, monitoring, and verification reports has been submitted to the Local Planning Authority.

12. The remediation and monitoring measures approved under condition 11 shall be implemented in full accordance with the approved timescales and the approved details.

13. Where remediation is required (under conditions 11 and 12), following completion of the approved remediation and monitoring measures, the single storey extension hereby approved shall not be occupied until a verification report that demonstrates the effectiveness of the remediation carried out has been

submitted to and approved in writing by the Local Planning Authority.

Any additional comments on application/decision:

That permission be GRANTED subject to the following condition(s) and that the Service Director of Development, Transport and Public Protection be authorised to add, vary and amend the planning conditions as necessary:

1. The development shall be carried out in complete accordance with the approved plan(s) as detailed below:

01.A4

02.A1

Any material change to the approved plans will require a formal planning application to vary this condition and any non-material change to the plans will require the submission of details and the agreement in writing by the Local Planning Authority prior to any non-material change being made.

2. The D2 (assembly and leisure) part of the mixed use hereby approved shall be limited to use as a yoga studio, including sessions for yoga, pilates and health and wellbeing workshops, and no other use within class D2.

3. Sessions associated with the operation of the yoga studio part of the mixed use hereby approved shall be restricted to the single storey garden building as shown on plan no 02.A1, and land (within the red line boundary of the site) within 15 metres east of the eastern (front) elevation of that building only.

4. Sessions associated with the yoga studio part of the mixed use hereby approved shall only be open to the public between 09.00 and 21.00 on any day.
5. The number of customers on site associated with the yoga studio part of the mixed use hereby approved shall be limited to a maximum of ten people at any time.
6. The number of sessions associated yoga studio part of the mixed use hereby approved shall be limited to a maximum of four sessions each day.
7. From the date of this decision, no amplified sound system or similar equipment associated with the yoga studio part of the mixed use hereby approved shall be used on site until details of a noise management plan (including timescales) have been submitted to and approved in writing by the Local Planning Authority.
8. The details approved under condition 7 shall be implemented and maintained in accordance with the details and timescales approved and retained as such for the lifetime of the development.

Any additional comments on application/decision:

That permission be REFUSED for the following reason(s) and that the Strategic Director of Communities and Environment be authorised to add, vary and amend the refusal reasons as necessary:

1. The sub-division of the existing garden and the construction of a new house would result in less than substantial harm to the significance of the Rowlands Gill Conservation Area, that would not be outweighed by substantive public benefits, contrary to the aims and objectives of the National Planning Policy Framework, saved policy ENV10 of the Unitary Development Plan and policy CS15 of the Core Strategy and Urban Core plan.

Reason for Minor Update

Further representations made

A petition of 30 signatures has been received in objection to the application, the issues raised by the petition are summarised as follows:

- The proposal would result in a loss of amenity;
- The proposed development would result in deliveries along Cornmoor Road and materials being stored on the footpath;
- The proposed development is likely to lead to damage to the public footpath; and
- The proposed development would result in visual impact on the area of special character.

Deliveries and storage of materials on the highway (outwith the application site) cannot be controlled by planning permission; these matters would need to be addressed via separate highway legislation.

It is considered that all other matters have been addressed within the main agenda report.

Any additional comments on application/decision:

That permission be REFUSED for the following reason(s) and that the Service Director of Development, Transport and Public Protection be authorised to vary and amend the refusal reason as necessary:

1. The development would result in back land development and the subdivision of the existing plot. This would have a detrimental impact on the area of special character, the development would therefore fail to comply with aims and objectives of the NPPF, saved policies ENV3 and ENV25 of the Unitary Development Plan, the Gateshead Placemaking SPD and Policy MSGP24 of the emerging Making Space for Growing Spaces DPD.

2. Insufficient information in the form of an ecological survey, assessment and mitigation report has been submitted to enable the Council to consider whether the proposed development would have any unacceptable negative on nationally protected species, contrary to the National Planning Policy Framework, saved policies DC1, ENV46 and ENV47 of the Council's Unitary Development Plan and Policy CS18 of the Council's Core Strategy and Urban Core Plan for Gateshead and Newcastle upon Tyne.
