

## North East Joint Transport Committee

---

**Date:** 23 October 2019  
**Subject:** Budget Proposals 2020/21  
**Report of:** Chief Finance Officer

### Executive Summary

This report provides a summary of the proposed draft Transport budget and levies for 2020/21 and provides an update on the position in the current year. The report also includes indicative summary budget information for 2021/22 and 2022/23.

In terms of the current year, the transport levies and grants to Durham, Northumberland and Nexus are fixed for the year, so the outturn will be in line with the original budget allocations.

The budget strategy outlined in this report is based on an assumption of a levy for 2020/21 for Tyne and Wear in line with the current year, representing a cash freeze. On this basis, the proposed levy for 2020/21 would be £61.1m. Nexus is anticipating significant budget pressures over the medium term and will need to factor a levy freeze into its planning assumptions for 2020/21 and over the medium term.

Durham and Northumberland are currently developing their transport budget proposals for 2020/21 and future years, which will be reported to the next meeting and which will determine the total for their levies.

It is proposed to continue the contribution of £10,000 per authority which is retained from the Durham and Northumberland levies and which funds the work of the Joint Transport Committee, including contributions to the post of the Managing Director, Transport North East and the Transport Strategy Unit. The contribution from the Tyne and Wear levy to fund central activity will be £2.1m (in line with current allocations), which is mainly used to meet costs relating to the operation of the former Tyne and Wear Integrated Transport Authority.

It is proposed that funding for the Transport Strategy Unit from the Local Transport Plan Integrated Transport Block grant is maintained at the current level of £500,000 (£62,500 per council and Nexus).

The forecast position for 2019/20 for the Tyne Tunnels revenue account is for a breakeven position after making additional provision for the repayment of debt and the costs of the new Tyne Tunnel Manager. The estimates for 2020/21 build in the full year costs of the new Tyne Tunnels Manager position and also indicate a breakeven position next year. Provision

has been made for one off costs of the Tyne Pass Project in the current and next year. The draft budget estimates for 2020/21 have been prepared on the basis that increases in the Retail Price Index will trigger an increase in the toll for Class 3 vehicles (HGVs) next year.

## Recommendations

The North East Joint Transport Committee is recommended to:

- i. Receive this report for consideration and comment;
- ii. Note the projected outturn position for the 2019/20 Transport budget, as set out in the report;
- iii. Consider the following budget assumptions / proposals and agree to these forming the basis of consultation on the 2020/21 Transport Budget:
  - a. That the 2020/21 Transport Levy for Tyne and Wear is indicatively to be set at £61.1m, which represents a cash freeze compared with the current year;
  - b. That the revenue grant to Nexus for 2020/21 is indicatively proposed to be set at £59.0m, which is a cash freeze compared with the current year total;
  - c. That contributions of £500,000 to the Transport Strategy Unit are top sliced from Local Transport Plan Integrated Transport Block grant received by the JTC in 2020/21;
  - d. That the Tyne Tunnels Tolls are proposed to be increased to keep pace with inflation and the increase in the shadow toll payable to the concessionaire TT2 Ltd., in line with the concession contract and the agreed approach to the funding of the Tyne Tunnels. (Note: The decision to increase the Tyne Tunnel Tolls will be taken by the Tyne and Wear Sub Committee in January 2020)
- iv. Note the indicative budget forecasts for 2021/22 and 2022/23, as set out in the report;
- v. Note that the budget proposals for Transport will be subject to a consultation process including reports to the Joint Transport Committee Overview and Scrutiny Committee, Joint Transport Committee Audit Committee, relevant officer groups and the Leadership Board of NECA and the NTCA Cabinet;
- vi. Note the intention to consider the Transport Budget in more detail at the next meeting on 19 November 2019, and to approve the budget and agree the Transport Levies at the meeting of the JTC on 21 January 2020, after considering any comments received on the proposals and decisions reached by the Tyne and Wear Sub Committee in January 2020.

## **1. Background Information**

- 1.1 The North East Joint Transport Committee receives funding from a variety of sources including the levies on Durham, Northumberland and Tyne and Wear councils, Tyne Tunnels tolls income, grant funding and interest income. This funding is used to deliver the transport objectives of the Committee through the provision of revenue grants to Durham and Northumberland councils and Nexus for the delivery of public transport services, the funding of the Tyne Tunnels and the provision of the Transport Strategy Unit which works on behalf of the Joint Transport Committee to provide it with relevant information and policy choices and deliver its policies at a regional level.
- 1.2 In line with the Transport Levying Bodies Regulations 1992, the transport levies must be issued by 15 February preceding the commencement of the financial year in respect of which they are to be issued.
- 1.3 This report summarises the process and timetable for approval of the levies and other budgets relating to the Joint Transport Committee and sets out initial proposals for these budgets. The proposals will be further developed and consulted upon in the coming months, and reports will be presented to the committee at its meetings on 19 November 2019 and 21 January 2020. The report includes indicative budget forecasts for 2021/22 and 2022/23.
- 1.4 Appendix 1 shows the timetable for the agreement of the Joint Transport Committee budget for 2020/21. The timetable is in line with the requirements of the constitution agreed by the North East Combined Authority, who are the accountable body for transport matters.

## **2. Proposals**

### **Transport Levies**

- 2.1 As the transport levies and revenue grants are normally fixed for the year there is no change in the levies payable and grants payable between the original budget and the forecast outturn, and minimal change in the retained transport levy budget. Any surplus or deficit against the budgets for the three main delivery agencies (Durham County Council, Northumberland County Council and Nexus) is retained or managed within the reserves of that organisation.
- 2.2 A proportion of the levies is retained to support the work of the JTC and meet historic costs relating to the former Tyne and Wear Integrated Transport Authority (TWITA). This budget is expected to underspend slightly due to lower interest charges than originally budgeted on historic Tyne and Wear Transport debt and the forecast underspend will be transferred to the JTC retained reserves at year end.

**Table 1: 2019/20 Transport Levies and Grants**

	<b>2019/20 Original Budget</b>	<b>2019/20 Forecast Outturn</b>	<b>2019/20 Forecast Variance</b>
	<b>£000</b>	<b>£000</b>	<b>£000</b>
<b>Total Transport Levies</b>	<b>(82,766)</b>	<b>(82,766)</b>	<b>0</b>
Grant to Durham	15,552	15,552	0
Grant to Northumberland	6,094	6,094	0
Grant to Nexus	55,667	55,667	0
Contribution to Metro Fleet Replacement reserve	3,333	3,333	0
Retained Transport Levy budget	2,120	2,091	(29)
<b>Net</b>	<b>-</b>	<b>(29)</b>	<b>(29)</b>
<b>Contribution to/ (from) JTC unearmarked reserves</b>	<b>-</b>	<b>29</b>	<b>29</b>

**Tyne and Wear Levy**

- 2.3 The 2020/21 levy for Tyne and Wear is assumed to be a cash freeze for 2020/21 and totals £61.1m. The grant from the levy for Nexus has been reduced by £15.2m (20%) over the last 10 years as local authorities have managed extremely challenging central government funding settlements. Nexus are expecting some significant financial pressures over the medium term. The impact of retaining the levy for Tyne and Wear authorities at the current level will be carefully considered by Nexus and future budget reports will set out the likely impact on the Nexus medium term financial plan as cost pressures and details of available income are further refined.
- 2.4 The distribution of the levy within Tyne and Wear is based on population, in accordance with the Transport Levying Bodies Regulations 1992. The amounts levied on each individual authority need to be adjusted to reflect the mid-year population estimate for 2018. Increases in the share of the population for Newcastle and North Tyneside mean that the share of the levy for these authorities will increase in 2020/21, while there will be compensating small decreases for Gateshead, South Tyneside and Sunderland in 2020/21. Based on a levy freeze, the proposed levy for each of the Tyne and Wear councils next year is shown below:

**Table 2: Distribution of Proposed Tyne and Wear Transport Levy**

	2019/20 T&W Transport levy	2018 Mid-Year Population Estimate	2020/21 T&W Transport Levy Proposal	Levy Change Year on Year	Levy Change Year on Year
<b>Tyne &amp; Wear</b>	£		£	£	%
Gateshead	10,949,433	202,508	10,888,380	(61,054)	(0.56)
Newcastle	16,002,955	300,196	16,140,834	137,879	0.86
North Tyneside	11,060,540	205,985	11,075,330	14,790	0.13
South Tyneside	8,089,866	150,265	8,079,396	(10,469)	(0.13)
Sunderland	14,997,206	277,417	14,916,061	(81,145)	(0.54)
<b>Total</b>	<b>61,100,000</b>	<b>1,136,371</b>	<b>61,100,000</b>	<b>0</b>	<b>0.00%</b>

### **Nexus**

- 2.5 A separate report on draft budget proposals for Nexus is included on the JTC agenda. This sets out the significant cost pressures which are affecting the Nexus budget for 2019/20 and future years, and the impact of a range of scenarios on the forecast budget deficit: a cash freeze in the grant from the Tyne and Wear Levy, a 2% increase in 2020/21 and the deployment of reserves to cushion the impact of budget pressures over the medium term as a short term measure to set a balanced budget.
- 2.6 This consolidated report is prepared on the basis of one of these scenarios (a cash freeze). These planning assumptions will be updated as necessary for the report to the next meeting of the Joint Transport Committee on 19 November 2019 to reflect the views from this meeting and other consultations.

### **Transport Strategy Unit**

- 2.7 The Transport Strategy Unit (TSU) (previously referred to as the Regional Transport Team) supports the Joint Transport Committee, providing relevant information to support policy choices and to deliver policies at a regional level. The TSU's activities include developing and maintaining:
- The Transport vision and plan;
  - The funding plan and bids for external funding;
  - Input into the LEP's strategies and plans on transport, and local business organisations;
  - A project pipeline and assurance framework;
  - Responses to transport consultations and policy-making opportunities by government and other external agencies;
  - Input into Transport for the North (TfN)'s pan-Northern policies and plans; and

- Relationships with other authorities (whether local, combined, national or sub-national) with whom the Joint Transport Committee may share a common interest.

2.8 During 2018/19 and 2019/20 the capacity of the TSU has been temporarily enhanced through secondments and fixed term contracts to prepare the bid against Transforming Cities Fund Tranche 2. This work will be complete before the end of the current financial year. The 2020/21 draft budgets have not made any assumptions on funding to be received from the Transforming Cities Fund Tranche 2 bid. Should the bid be successful, costs of programme management have been built into the bid and the budget for 2020/21 and future years will be updated accordingly.

2.9 In addition to the significant current activity of developing the Transport Plan and related delivery programmes, some other major upcoming policy developments could potentially include the development of a new bus strategy, the expansion of the Metro and local rail network, developing a model for rail devolution, and growing the programme to increase the uptake of walking and cycling. Further work is required in considering the scope of these developments, with funding packages to be agreed once requirements are clearer. There are also significant funding opportunities for well-developed bids along with a need for strong delivery programme management.

2.10 The TSU is funded through contributions from the Transport Levies which are retained to support JTC activity, a top-slice of the Local Transport Plan Integrated Transport Block grant which is awarded to the JTC and external contributions to some specific posts.

2.11 A summary of the forecast position for 2019/20 including the TCF bid resources (which was agreed after the original budget was set in January 2019) and the initial proposed budget for 2020/21 is set out in the table below. The budget for 2020/21 and future years will be updated once the updated Transport Plan is agreed which will set clear priorities for the work of the TSU.

**Table 3: Transport North East Strategy Unit Budget**

	<b>2019/20 Original Budget</b>	<b>2019/20 Forecast Outturn</b>	<b>2019/20 Forecast Variance</b>	<b>2020/21 Initial Estimates</b>

Earmarked reserves – Transforming Cities Fund	0	(36,772)	(36,772)	0

- 2.12 The forecast outturn for salaries is significantly less than the original budget due to a number of vacancies in the team which have not yet been filled. These vacancies have offset a cost pressure for pension contributions which has arisen because the budget assumed that employees would all have transferred to the employment of NECA and associated pension savings would have been made. This transfer is unlikely to take place before 1 January 2020. By the end of September 2019, unbudgeted pension costs of £32,518 had been incurred.
- 2.13 An increase in forecast costs in relation to the Transport Plan is reflected in the 2019/20 outturn as a result of additional work on the Plan requested by the Joint Transport Committee. Go Smarter legacy funds will be used to fund these additional costs.

- 2.14 A new budget line for IT/Equipment and Accommodation costs for the TSU has been added to the forecast outturn for 2019/20 to meet costs which are anticipated to arise from the planned relocation of the TSU to Gateshead Civic Centre.
- 2.15 The original budget for the year contained a significant use of the general reserve which was built up through underspends on the budget in previous years. This is now not forecast to be required in 2019/20 due to anticipated in year savings - particularly in relation to salaries and through the identification of alternative resources to fund activity. An earmarked reserve to part-fund the TCF bid work was established at the end of the 2018/19 financial year to ringfence an underspend in the contribution from the Transport levy and which was not included in the original budget

### **Tyne Tunnels**

- 2.16 The Tyne Tunnels are accounted for as a ring-fenced account within the JTC/NECA budgets, meaning that all costs relating to the tunnels are wholly funded from the toll's income received and Tyne Tunnels reserves, with no call on the levy or other external government funding. The JTC receives all the toll income from the vehicle tunnels, and a payment under the contract with TT2 is determined based on traffic levels. The balance retained by the JTC is to meet other costs associated with the Tyne Tunnels namely interest and principal repayments on borrowing taken out to fund the New Tyne Crossing project and client costs associated with the management of the contract with the concessionaire.
- 2.17 The forecast outturn position for 2019/20 is for a small surplus of around £52,000 which is mainly as a result of additional interest income on balances held by the JTC. Traffic levels have been largely in line with forecasts, slightly higher than in 2018/19 but traffic flow levels remain less than the levels experienced in 2016/17 prior to the commencement of Highways England works at Silverlink in North Tyneside. The forecasts include the costs of the new Tyne Tunnel Manager (currently out for recruitment) and the full year costs of this new role is included in the estimates for 2020/21.
- 2.18 The tables below provide a summary of the forecast for 2019/20 and the indicative budget for 2020/21 and future years.

**Table 4: Tyne Tunnels Budget Forecast 2019/20**

	<b>2019/20 Original Budget</b>	<b>2019/20 Forecast</b>	<b>Variance</b>
	<b>£000</b>	<b>£000</b>	<b>£000</b>
Tolls Income	-28,090	-28,141	-51
Contract Payments to TT2	21,197	21,221	24
Employees	0	16	16
Historic Pension costs	52	52	0
Support Services	95	145	50
Supplies & Services	45	35	-10
Financing Charges	6,966	6,988	22
Interest/Other Income	-290	-368	-78
Contribution (to)/from Reserves	<b>-25</b>	<b>-52</b>	<b>-27</b>

- 2.19 A new post of Tyne Tunnels Contract Manager was approved by the JTC in September and is currently being advertised. This role will manage the client-side aspects of the Tyne Tunnel Project Agreement with TT2 and act as the principle point of liaison with the Concessionaire so that contractual matters are dealt with in a timely and efficient manner. The part-year costs of the post are built into the revised forecast for 2019/20 and the full year costs from 2020/21 onwards, which is the reason for the variance in Employee costs in the 2019/20 forecast. Once this post is filled and handover has been completed there will be a reduction in the budget for support services, as support has previously been provided by the NECA Chief Finance Officer and Monitoring Officer and individuals at Newcastle City Council.
- 2.20 As previously reported to the Tyne and Wear Sub Committee, TT2 have brought forward proposals to introduce a Tyne Pass process using Automatic Number Plate Recognition as a pre-cursor to a longer term aim of having a free flow system in place in the future where there would be no toll booths on the plazas.
- 2.21 These proposals would require changes to the Tyne Tunnels Byelaws, the Project Agreement and financial model for the contract. A temporary increase in the support services budget for the Tyne Tunnels is therefore proposed for the 2019/20, 2020/21 and 2021/22 financial years to meet the additional costs from the client side of implementing the project, such as external professional advice. This can be met from within the Tyne Tunnels budget and will be kept under review as the project progresses.

**Table 5: Tyne Tunnels Initial Estimates 2020/21-2022/23**

	2020/21	2021/22	2022/23
	£000	£000	£000
Tolls Income	-28,422	-28,919	-29,642
Contract Payments to TT2	21,633	22,505	22,942
Employees	62	63	65
Historic Pension costs	53	55	56
Support Services	100	102	104
Supplies & Services	46	47	48
Financing Charges	6,756	6,416	6,673
Interest/Other Income	-290	-290	-290
Contribution (to)/from Reserves	<b>-61</b>	<b>-22</b>	<b>-45</b>

2.22 The 2020/21 tolls income estimate assumes an increase in tolls to £3.90 for Class 3 vehicles in line with inflation as measured by the Retail Price Index (RPI) – a year on year increase of £0.10 (2.6%). It is not anticipated that an increase in the tolls for Class 2 vehicles will have been triggered by the increase in RPI until the 2021/22 financial year, as increases can only be applied in 10p increments. These charges are therefore likely to remain at £1.80 in 2020/21.

2.23 In terms of the formal process for the increase in Tolls, if the level of RPI has reached the point at which an increase is possible, a decision to increase tolls will be taken by the Tyne and Wear Sub Committee in January 2020. If a decision to increase the tolls is taken, officers from NECA as the Accountable Body for the JTC will follow the process set out in the Tyne Tunnels Order 2005 to implement the decision of the committee. This will involve advertising the proposed increase in at least one local newspaper and notifying the Department for Transport. Once notified, the Department has 21 days to determine whether to take the order and, if so, the order will be made 28 days before it comes into effect. A decision on the specific date for implementation will be taken in conjunction with TT2, taking into account operational considerations. The increase, if implemented, would come into effect after May 2020 and will be discussed in greater detail with the Tyne and Wear Sub Committee.

### **3. Reasons for the Proposals**

3.1 The proposals are presented here to inform the JTC of work on the preparation of the 2020/21 Transport Budget and to begin the budget consultation process in line with the process set out in the NECA constitution in its role as Accountable Body for Transport. The report sets out indicative forecasts for 2021/22 and 2021/22.

### **4. Alternative Options Available**

4.1 Option 1 – The North East Joint Transport Committee may accept the recommendations set out in the report.

Option 2 – The North East Joint Transport Committee may suggest amendments or alternative proposals be considered.

Option 1 is the recommended option.

## **5. Next Steps and Timetable for Implementation**

5.1 Proposals are at an initial draft stage and further work will be ongoing in developing these further over the coming weeks. More detail will be presented to the JTC at its meeting on 19 November 2019, with a view to recommending formal agreement to the budget and levies in January 2020.

5.2 Appendix 1 shows the budget timetable for setting the 2020/21 budget.

## **6. Potential Impact on Objectives**

6.1 The budget presented in this report is set to achieve the Transport policy objectives of the Authority.

## **7. Financial and Other Resources Implications**

7.1 The financial and other resource implications are summarised in detail in the body of the report where they are known. Further details which are developed as part of the budget development and consultation process will be identified in reports to the November 2019 and January 2020 reports to the Committee.

7.2 The budget strategy outlined in this report is based on a levy for 2020/21 for Tyne and Wear in line with the current year, representing a cash freeze. On this basis the total levy for 2020/21 would be £61.1m. This position would provide a significant challenge for Nexus, who have seen the levy reduced by £15.2m (20%) over the last 10 years and who are expected to face significant financial pressures in the coming three years. The sustainability of retaining the levy for Tyne and Wear authorities at the current level will need to be carefully considered over the medium term.

## **8. Legal Implications**

8.1 The JTC must ultimately approve the transport budget and levies unanimously.

## **9. Key Risks**

9.1 Appropriate risk management arrangements are put in place in each budget area by the delivery agencies responsible. Reserves are maintained to help manage financial risk to the authority.

## **10. Equality and Diversity**

10.1 There are no equality and diversity implications arising from this report.

## **11. Crime and Disorder**

11.1 There are no crime and disorder implications arising from this report.

## **12. Consultation/Engagement**

12.1 The NECA Constitution (in its role as accountable body for the JTC) requires that consultation on its budget proposals be undertaken at least two months prior to the budget being agreed.

12.2 The extent of public consultation will be proportionate to the impact that the proposals would have on services to the public. At this stage no significant service reductions or implications are expected in 2020/21, however, if the Tyne and Wear levies are frozen again in 2021/22 this will provide a challenge to Nexus. Proposals will be published on the website for comment and included in any budget consultation undertaken by constituent authorities.

### **13. Other Impact of the Proposals**

13.1 There are no other impacts arising from this report.

### **14. Appendices**

14.1 Appendix 1 – Budget Timetable 2020/21 – Joint Transport Committee

### **15. Background Papers**

## Appendix 1 – Budget Timetable 2020/21 – Joint Transport Committee

<b>Date</b>	<b>Meeting/Event</b>	<b>Action</b>
14 August 2019	Tyne and Wear Sub-Committee (Briefing)	Consider 3 year forward forecasts of budget pressures and issues in relation to Nexus
17 September 2019	North East Joint Transport Committee (Briefing)	Consider 3 year forward forecasts of budget pressures and issues in relation to Nexus
23 October 2019	North East Joint Transport Committee	Initial budget proposals and 3-year forecasts in relation to JTC/Transport budgets. Consultation requirements to be considered / agreed
7 November 2019	Joint Transport Committee Overview and Scrutiny Committee	Examine initial budget and consultation proposals and make any recommendations to the JTC
19 November 2019	North East Joint Transport Committee	Consider updated draft Transport budget proposals and any feedback from JTC Overview & Scrutiny Committee
21 November 2019	Tyne and Wear Sub-Committee	Consider report on the draft budget proposals with specific reference to Tyne and Wear Transport activity
26 November 2019	NTCA Cabinet Meeting	Consider draft Transport budget proposals developed by JTC and implications regarding Transport Levy for constituent authorities as part of the budget consultation process
TBC – Meeting to be arranged w/c 9 December 2019	NECA Leadership Board	Consider the decisions and any recommendations made by the JTC and JTC Overview and Scrutiny Committee
12 December 2019	Joint Transport Committee Audit Committee	Consider budget proposals as part of consultation process
19 December 2019	JTC Overview and Scrutiny Committee	Consider (updated) budget proposals as part of consultation process (if necessary)
21 January 2020	North East Joint Transport Committee	Approve Transport Revenue Budget and Transport Levies
28 January 2020	NTCA Cabinet Meeting	Formally agree to issue the Transport Levy to constituent NTCA authorities

<b>Date</b>	<b>Meeting/Event</b>	<b>Action</b>
4 February 2020	NECA Leadership Board	Leadership Board formally issue levy agreed by Joint Transport Committee in January. Formal agreement of non-Transport budgets and contributions.
15 February 2020	Levy letters issued to constituent authorities	Date by which Transport levies must be issued in line with Transport Levying Bodies Regulations
