## Please state the ground(s) for representation (please read guidance note 1)

This representation is made in my capacity as Director of Public Health for the Borough of Gateshead.

The Director of Public Health in Gateshead does not feel that the licence application evidences how the applicant intends to ensure the promotion of the licensing objectives specifically the prevention of crime and disorder, prevention of public nuisance and the protection of children from harm

Since 2013 Directors of Public Health have been 'responsible authorities' under the Licensing Act 2003. The role of the Director of Public Health is to help promote the health and wellbeing of the local populations they serve. The Public Health approach to reducing harms arising from alcohol misuse is to encourage and promote responsible drinking and protect young people from related harm. This is an expansive remit that influences a wide range of circumstances, including local licensing arrangements. Similarly, the licensing regime is concerned with the promotion of the licensing objectives, which collectively seek to protect the quality of life for those who live, and work in the vicinity of licensed premises, and those who socialise in licensed premises.

My concerns about the application for an alcohol licence at 311-313 High Street, NE8 1EQ come from the lack of information provided. There is not enough evidence in the application about how the business will operate, in particular, relating to the proposed alcohol delivery. From the detail provided I am not assured that the applicant will have the processes in place to promote the licensing objectives.

An email was sent to the applicants agent on 16<sup>th</sup> July 2020 to ask for further information about the delivery element of the licence application, relating to;

- the times when deliveries would be made,
- how it would be delivered and by whom,

- whether the alcohol delivery is intended to be part of a larger food shop, or a standalone purchase,
- what the timescale from purchase to delivery will be,
- whether there will be a minimum spend for a delivery.
- How the alcohol intended for delivery between 23.00 and 03.00 would be purchased

I have not received a response to my request, therefore cannot determine how the applicant intends to operate.

In the application it states that the premises will be open until 23.00, but that between 23.00.and 03.00.it will be delivery only. I have concern's that alcohol delivery at this time would increase the availability and accessibility of alcohol. The level of alcohol related harm experienced in Gateshead is high. Poorer populations and communities experience a disproportionately greater level of alcohol-attributable harm (AFS and SHAAP, 2011). No delivery radius has been provided, therefore it is impossible for me to assess the impact of this licence application. There is no detail given about who will provide the deliveries and who will be responsible for the training of those doing delivery to ensure that Challenge 25 policy is upheld.

Rising consumption has been attributed to the increased affordability, availability and promotion of alcohol, along with a greater social acceptance of regular drinking and a tolerance of drunkenness. Increased availability of alcohol has come about through the progressive relaxation of the licensing regime. The contributory role that alcohol plays in a wide range of adverse social consequences is also increasingly recognised with links to crime, social disorder, fire fatalities, violence, domestic violence, child neglect and work-related problems.

Without the opportunity to consider the further information requested I cannot be assured that the licensing objectives would be met if this application were to be granted.

Please provide as much information as possible to support the representation (Please read guidance note 2)
