Decision(s) and any conditions attached

That the Committee were minded to accept the recommendation contained within the report on the proviso of commitments by the landowner, to the satisfaction of the rights of way officer to mitigate the gradient immediately prior to Point C on the plan at the Appendix to this minute and that the matter should be brought back to the next meeting of the Rights of Way Committee for final decision.

Any additional comments on application/decision

The Committee expressed concerns at the meeting with regards to the gradient of the slope at the new point C on the proposed diversion. The Committee were also concerned about the enclosed nature of the footpath, however, understood the landowner was keen to work with the Rights of Way Officer to reach a positive outcome.
