

COUNCIL MEETING

18 November 2021

GATESHEAD METROPOLITAN BOROUGH COUNCIL

NOTICE OF MOTION

Councillor Jonathan Wallace will move the following motion:

Council notes with concern the decline in the number of bumble and honey bees and other pollinating insects in recent decades. Council recognises the vital role played by pollinators in food production and is concerned that further declines in pollinator populations could impact on food availability.

Council therefore calls on the Chief Executive to draw up a strategy to boost pollinator populations throughout Gateshead.

Proposed by: Councillor Jonathan Wallace

Supported by: Councillor Ron Beadle
Councillor Paul Diston
Councillor Marilyn Ord
Councillor Susan Craig
Councillor Peter Craig
Councillor Vicky Anderson
