#### Reason

In order to ensure that the development is carried out in accordance with the approved plans.

2. The development shall be carried out in accordance with the Construction Environment Management Plan approved under 20/00323/DOC1 at all times during construction unless otherwise approved in writing by the Local Planning Authority.

#### Reason

To safeguard the sensitive environmental features that have the potential to be affected by the construction of the proposed

development in accordance with policies CS14, CS17, CS18, MSGP14, MSGP18, MSGP19, MSGP30, MSGP37 and MSGP38 of the Local Plan for Gateshead.

3. The use of the development hereby approved shall not commence until the final report of the results of the archaeological fieldwork approved and undertaken under 20/00323/DOC1 has been submitted to and approved in writing by the Local Planning Authority.

The report shall be produced in a form suitable for publication in a suitable and agreed journal.

#### Reason

The site is located within an area identified as being of potential archaeological interest. The investigation is required to ensure that any archaeological remains on the site can be preserved wherever possible and recorded and publication of the results will enhance understanding of and allow public access to the work undertaken, in accordance the NPPF, policies CS15, UC14 and MSGP27 of the Local Plan for Gateshead.

4. The remediation and mitigation schemes must be carried out in accordance with the details approved under 20/00323/DOC1

Before any part of the development hereby approved is first occupied and following completion of the measures identified in the approved remediation scheme, a verification report that demonstrates the effectiveness of the remediation carried out shall be submitted to and approved in writing by the Local Planning Authority prior to first occupation of the development.

#### Reason

To ensure that risks from land contamination and coal mining legacies to the future users of the land and neighbouring land are minimised, together with those to controlled in accordance with the NPPF, policies CS14 and MSGP20 of the Local Plan for Gateshead.

5. In the event that contamination is found at any time when carrying out the approved development that was not previously identified and/or anticipated in the remediation and mitigation schemes, it must be reported in writing immediately to the Local Planning Authority. An updated investigation and risk assessment shall be undertaken and where remediation is necessary a revised remediation scheme shall be submitted to and approved in writing by the LPA in accordance with the requirements of the details approved under 20/00323/DOC1 , prior to the additional remediation being commenced.

Following completion of the measures identified in the approved remediation scheme a verification report shall be submitted to and

approved in writing by the Local Planning Authority in accordance with 20/00323/DOC1 prior to first occupation of the development.

If unexpected contamination is found after development has begun, development must be halted on that part of the site affected by the unexpected contamination to the extent specified by the Local Planning Authority in writing until this condition has been complied with in relation to that contamination.

Reason

To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled in accordance with the NPPF, policies CS14 and MSGP20 of the Local Plan for Gateshead.

6. The remediation details approved under 20/00323/DOC2 shall be implemented on site prior to commencement of any piling operations in the areas where such remediation works are required on the site.

Reason

To ensure that risks from land instability to the future users of the land and neighbouring land are minimised in accordance with the NPPF, policies CS14 and MSGP20 of the Local Plan for Gateshead.

7. Prior to commencement of the development hereby approved (except for vegetation clearance works, erection of site security hoardings and ground preparation and enabling works) a drainage construction method statement (DCMS) relating to the proposed drainage system which will serve the completed development shall be submitted to and approved in writing by the Local Planning Authority. The content of the DCMS shall be in accordance with Appendix B6 of the CIRIA SuDS Manual, and Gateshead Interim SuDS Guidelines (Version 2 - March 2016) or as updated at the time of development commencing, for best practice.

Reason

To ensure the works do not increase risk of flooding or pollution of watercourses in accordance with the NPPF, policies CS17, MSGP29 and MSGP30 of the Local Plan for Gateshead.

8. The drainage and construction method statement details approved under condition 7 shall be wholly implemented prior to first use of the development hereby approved in accordance with the approved details and retained for the full life of the development unless otherwise approved in writing by the Local Planning Authority.

Reason

To prevent the increased risk of flooding from any sources in accordance with the NPPF, policies CS17, MSGP29 and MSGP30 of the Local Plan for Gateshead.

9. Prior to first use of the development hereby approved a SuDS and drainage maintenance plan, including maintenance details of all hard and soft SuDS features, shall be submitted to and approved in writing by the Local Planning Authority. The plan, which shall be in accordance with the principles set out in Gateshead Quays ES Addendum: Appendix 9 Water Resources - Flood Risk Assessment and Drainage Strategy (additional information) shall also set out details of the arrangements for the ongoing maintenance of the drainage system over the lifetime of the development and set out clearly where responsibility lies for the maintenance of all drainage features.

Reason

To ensure appropriate drainage so as to prevent the risk of flooding in accordance with the NPPF, policies CS17, MSGP29 and MSGP30 of the Local Plan for Gateshead.

10. The SuDS and drainage maintenance plan approved under condition 9 shall be implemented prior the first use of the development and maintained as such for the life of the development unless otherwise approved in writing by the Local Planning Authority.
