

**TITLE OF REPORT: Capital Programme and Prudential Indicators 2022/23  
– Third Quarter Review****REPORT OF: Darren Collins, Strategic Director, Resources and Digital****Purpose of the Report**

1. This report sets out the latest position on the 2022/23 Capital Programme and Prudential Indicators at the end of the third quarter to 31 December 2022. The report assesses reasons for the variances from the approved programme and details the proposed financing of the capital programme. In addition, the report considers the impact of CIPFA's Prudential Code on the capital programme and the monitoring of performance against the statutory Prudential Indicators.

**Background**

2. The original budget for the capital programme for 2022/23, as agreed by Council on 24 February 2022, totalled £146.7m. This was reduced to £103.2m at the first quarter review and to £85.4m at the second quarter review to accommodate re-profiling to future years. The third quarter review of progress has resulted in a revised estimate for capital expenditure of £80.4m by the year end, £60.4m General Fund and £20.0m HRA.
3. The proposed reduction in the capital programme at the third quarter comprises of the following movements:

	<b>£m</b>
Additional capital expenditure	1.387
Reduction of planned expenditure	(0.604)
Re-profiling of capital expenditure to future years	(5.743)
<b>Total Variance</b>	<b>(4.960)</b>

4. The proposed increase of £1.387m relates largely to the Transforming Cities (Tranche 2) project where three cycleway improvement schemes have been developed and the business cases submitted to the North East Joint Transport Committee to access the Transforming Cities Grant funding.
5. The proposed reduction of £0.604m relates largely to the Gateshead Regeneration Partnership Urban Core - Exemplar Neighbourhood project where financing of the scheme has been reprofiled between grant and prudential borrowing resulting in a reduced borrowing requirement for this financial year.
6. The re-profiling of expenditure to future years of £5.743m relates mainly to the reprofiling of the remaining loan balance for the Gateshead Energy Company.

## Proposal

7. The report identifies planned capital expenditure of £80.4m for the 2022/23 financial year. The expected resources required to fund the Capital Programme are as follows:

	<b>£m</b>
Prudential Borrowing	44.308
Projected Capital Receipts	0.750
Capital Grants and Contributions	15.376
Major Repairs Reserve (HRA)	16.119
Capital Grants and Contributions (HRA)	0.752
Right to Buy Receipts (HRA)	3.127
<b>Total Capital Programme</b>	<b><u>80.432</u></b>

8. CIPFA's Prudential Code advises the regular monitoring of performance against the prudential indicators which regulate borrowing and investment. Targets and limits for the prudential indicators for 2022/23 were agreed at Council on 25 February 2022 and borrowing and investment levels have remained within these limits. Performance against the indicators for 2022/23 is set out in Appendix 5.

## Recommendations

9. It is recommended that
- (i) Cabinet recommends to Council the revision to the capital programme.
  - (ii) Cabinet recommends to Council the financing of the revised programme.
  - (iii) Cabinet confirms to Council that the capital expenditure and capital financing requirement indicators have been revised in line with the revised budget and that none of the approved Prudential Indicators set for 2022/23 have been breached.

For the following reasons:

- (i) To ensure the optimum use of the Council's capital resources in 2022/23
- (ii) To accommodate changes to the Council's in-year capital expenditure plans.
- (iii) To ensure performance has been assessed against approved Prudential Limits.
