

**Title of Report:** Corporate Risk Management 2022/23 - Quarter 3 Update

**Report of:** Darren Collins, Strategic Director, Resources & Digital

---

### **Purpose of the Report**

1. This report updates the Committee on Corporate Risk Management developments during the period 1 October 2022 to 31 December 2022.

### **Background**

2. Quarterly reporting to those with the responsibility for the oversight of risk management issues complies with the principles of good corporate governance. It is also embodied in the Corporate Risk Management Policy. This was last approved by Council on 21 May 2013 and is kept under review. Whilst it has been amended to reflect minor structural changes and roles in that time, it remains relevant and fit for purpose.
3. The report covers progress against the Corporate Risk Management Developmental Objectives for 2022/23, as cited in the Corporate Risk Management Annual Report 2021/22, and any other risk management issues emerging within the quarter under consideration.

### **Strategic Risk Management**

4. In November 2018, Cabinet and Council approved a revised Strategic Risk Register which had been presented to Audit and Standards Committee on 1 October 2018. The Corporate Management Team has continued to ensure strategic risks are responded to in accordance with the Risk Management Policy, with risks and controls being recorded for inclusion within the Strategic Risk Register.
5. There have been no changes to the Strategic Risk Register in the third quarter 2022/23. The current Strategic Risk Register is attached for information in Appendix 1.

### **Operational Risk Management**

6. Operational risks identified within the Council are recorded on the operational risk register. Work continues to ensure operational risk management activity within services continues to align with service objectives, including those risks specific to operational objectives.
7. Service Risk Coordinators, whose role it is to support and champion risk management activity within their Services, are working with the Corporate Risk Officer to support risk owners with evaluating existing operational risk assessments. The focus of this work is

on ensuring the assessments contain the required and correct information to inform the management response.

### **Business Continuity Management**

8. In accordance with the Council's Business Continuity Policy all Services are required to continuously assess the risk of their activities being disrupted and to develop cost effective business continuity plans.
9. All Business Impact Assessments have been reviewed bi-annually since the start of the Pandemic in March 2020 with the most recent review in November 2022. This exercise uses the agreed corporate Business Continuity Framework to allow Services to assess which activities might require additional support to strengthen resilience and estimate the officer numbers and skills that might be needed as we moved into the winter period and the challenges that brings.
10. Business Continuity Plans are revised accordingly to mitigate and, as far as possible, shape the response to any threats to the delivery of key activities with a focus on activity that could not be interrupted for more than 48 hours without critical impact.
11. Quarterly audit and risk reports are provided to Group Management Teams to highlight the critical activities for which services have developed continuity plans.

### **Corporate Risk and Resilience Group**

12. The Corporate Risk and Resilience Group last met 17 January 2023. The following items were considered:
  - Review of recent Business Impact Assessment and Business Continuity Plan seasonal refresh.
  - Economic update from the Economic Policy and Partnerships Unit.
  - Resilience and emergency planning including discussion should there be planned power outages and participation in a national planning event in March 2023.
  - Updates from Groups and Services.

### **Recommendation**

13. It is recommended that the Committee note the report and consider the effectiveness of the Council's risk management arrangements.
