Purpose of the Report

1. To report on final version of the NENC ICB Gateshead Plan

Background

2. The ICB is required to publish a forward plan for NENC which clearly outlines the direction of travel over the next 5 years to fulfil the aims and objectives of the NENC Integrated Care Strategy and wider NHS ambitions and planning requirements.
 - 2.1 As part of the forward plan each 'place' has produced a plan; this will be consolidated into the overall plan alongside ICB wide thematic plans.
 - 2.2 Although this is an ICB plan and there is specific 'must do's' that relate to the NHS wider ambitions and trajectories it is important to reflect ambitions at place; the plan is closely aligned to the Health & Wellbeing Strategy and Gateshead Cares priorities as well as fulfilling the 4 objectives set out in the NENC Integrated Care Strategy:
 - Giving Children & Young People the Best Start in Life
 - Better Health & Care Services
 - Fairer Outcomes for All
 - Longer & Healthier Lives
 - 2.3 Partner organisations including Gateshead Council has had an opportunity to feed in and comment on the plan which is represented in the final version.
 - 2.4 It should be noted that the format of the Gateshead Plan has changed from a previous iteration due to an updated template being produced.
 - 2.5 NENC ICB will write out to partners on 14 June 2023 with the full plan and a further opportunity to comment.
 - 2.6 The ICB wide plan is timetabled on the ICB Board on 27 June 2023.
 - 2.7 Although the full plan is being presented to the NENC ICB Board on 27 June 2023 it will be kept open for comments until end August 2023; further comments will be fed into the next iteration of the plan which will be updated in Spring 2024.
