

TITLE OF REPORT: Work Programme for 2024-25

REPORT OF: Mike Barker, Strategic Director, Corporate Services & Governance

Summary

This report details the draft work programme for Care, Health and Wellbeing OSC for the 2024-25 municipal year and sets out the role and remit of the Committee.

1. Care, Health and Wellbeing OSC received a report in April 2024 setting out the work programme setting process for 2024/25, including suggestions that had been received to date from Elected Members and relevant officers.
2. A key component to the work of the Overview and Scrutiny function is work programme planning that seeks input from a wide variety of sources and identifies priority areas where scrutiny can seek to add the most value.

Terms of reference and remit

3. Overview and scrutiny committees have statutory powers to scrutinise decisions the executive is planning to take, those it plans to implement, and those that have already been taken/implemented. Overview and scrutiny committees may make recommendations to the authority in relation to matters that affect the authority's area and residents. Recommendations from scrutiny can enable improvements to be made to policies and how they are implemented. Overview and scrutiny committee can also play a valuable role in developing policy. Whilst scrutiny committees are not decision making bodies, they have an important role in being able to influence decision makers.
4. Article 6 of the Council's Constitution sets out the aims and objectives of the scrutiny function in Gateshead Council. In particular it should be an integral part of the Council's framework and a constructive process which works alongside other parts of the Council's structure, contributing towards policy development. Importantly it will enhance rather than duplicate activity and it will look to broader issues affecting local people rather than just internal Council issues.
5. All of the overview and scrutiny committees have a role in:
 - Review decisions, holding decision makers to account
 - Call - in executive decisions in accordance with the procedure set out in the Overview and Scrutiny Committee rules
 - Contribute to the policy making process through:-
 - o Policy reviews agreed as part of the service planning cycle

- o Advice given to the Cabinet as part of the Council's performance management system
 - o Scrutinising and developing the Council's Improvement Programme
 - o Examining Issues in the Schedule of Decisions
- Ensure other agencies, public and private, play their part in achieving a better quality of life for Gateshead residents.
6. In accordance with the Council's Constitution, the Care, Health and Wellbeing OSC perform the overview and scrutiny role in relation to the following functions:
- Adult social services
 - Provision of health services in the borough, including services to children and young people
 - Health functions discharged by the Health and Wellbeing Board and Director of Public Health
7. All of the Council's scrutiny activity should be underpinned by the four fundamental principles of good scrutiny set out by the Centre for Governance and Scrutiny:
- provide constructive "critical friend" challenge;
 - amplify the voice and concerns of the public
 - be led by independent people who take responsibility for their role
 - drive improvement in public services.
8. The following Members have been appointed to the Corporate Resources OSC for the 2024/25 municipal year:
